

IC Lights C/W1

Designed by Michael Anastassiades, 2014

Halogen - 60W

Wall- or ceiling-mounted lamp emitting diffused light. Features a metal frame available in brushed and transparent varnished brass, chrome-plated steel or black, with a blown opal glass diffuser.

Part of the IC Lights series by Michael Anastassiades, a collection that explores balance, movement and identity through minimal, poetic forms. Designed in 2014, the series was inspired by the dexterity of a contact juggler and the visual tension of a sphere poised in perfect equilibrium. Mounted on either wall or ceiling, this model brings soft, diffused light and a sense of industrial precision to any interior space.
