

Glo-Ball Table 1

Designed by Jasper Morrison, 1998

Halogen - 150W

Table lamp emitting diffused light. Features a diffuser made of externally acid-etched, hand-blown, flashed opaline glass with a die-cast, alodine-plated threaded ring nut. Painted high-thickness steel base and stem with a die-cast aluminium diffuser support. Equipped with an electronic dimmer on the power cable for 0–100% light adjustment.

Part of the Glo-Ball series by English designer Jasper Morrison, the Glo-Ball table lamp was designed in 1998 to evoke the quiet radiance of a full moon and the otherworldly magic of the night. With its soft, spherical form, Glo-Ball Table casts an even, ambient glow while appearing as a flat, glowing disc when illuminated. The design aligns with Morrison's Super Normal philosophy of creating understated yet refined forms to enhance everyday spaces. Glo-Ball is part of the permanent collection at MoMA.
