

GAMMA

GAMMA

“Gamma Experience”: un programma immersivo per scoprire il DNA Gamma attraverso design, qualità, ricerca tecnica e cura dei dettagli. La sinergia tra la creatività dei designer e la capacità dell’azienda di personalizzare il prodotto è per noi essenziale. Affianchiamo ai clienti un team di visual, prototipisti ed esperti di marketing, pronti a soddisfare ogni esigenza con le più recenti tecnologie di rendering disponibili nell’Hub. Questo supporto ispira sia i progettisti che i rivenditori nella creazione di layout dedicati a Gamma.

^{EN} “Gamma Experience”: an engaging journey to discover the Gamma DNA through design, quality, technical research, and attention to detail. For us, the synergy between the creativity of designers and the company’s ability to customize the product is essential. We equip our clients with a team of prototypers, visual and marketing experts, ready to meet every need with the latest rendering technologies available from the Hub. This support inspires both designers and retailers in creating layouts dedicated to Gamma.

Dal 1974, perseguendo una strategia leather-oriented, ricerchiamo le pelli più pregiate individuando solo manti di tori europei con spessore fino al 4,5 mm e di ampia pezzatura. Collaboriamo da anni con poche e affidabili concerie italiane e ci impegniamo costantemente nell'innovazione e nella ricerca di look e tecniche di concia.

Con attenzione e precisione la materia prima viene magistralmente tagliata e con la scagliatura lo spessore viene reso funzionale alla sovrapposizione, ottenendo un risultato perfetto anche nelle giunture.

Ogni prodotto è confezionato in maniera unica e distintiva con uno stile che dà vita a design e oggetti preziosi, autentica espressione della nostra filosofia e dei nostri valori.

^{EN} Since 1974 we have been pursuing a leather-oriented strategy, sourcing premium leather and select the best European large bull hides, measuring up to 4.5 millimeters thick. We have been working with a select number of reliable Italian tanneries for years now and we invest heavily in innovation and research so we can offer cutting-edge tanning methods.

A pattern is chosen, and the leather shapes are meticulously and skilfully cut. After which the edges of the leather are delicately skived so that each element overlaps smoothly and neatly, before being dovetailed for a seamless look.

Each single product is crafted with the respect it deserves and bears its own stylish distinctive stamp, as you might expect from a precious design-led object. And each one boasts the same authenticity in keeping with our company philosophy and values.

Sguardo all'innovazione, amore per la tradizione, sartorialità. In questo si concretizza l'amore per il design, la spiccata personalità e l'eleganza intrinseca di ogni singolo elemento della nostra collezione.

Da una piccola azienda produttrice di divani, sin dagli esordi, l'azienda ha guardato al futuro, puntando sul segmento medio-alto del mercato internazionale, offrendo un concetto dell'abitare completo, dal soggiorno, sala da pranzo e camere da letto in linea con lo stile inconfondibile Gamma. Da sempre abbiamo mantenuto tutta la produzione di Gamma nello stabilimento di Forlì: solo così abbiamo la garanzia di un controllo costante sulla qualità dei nostri prodotti, frutto della creatività, esperienza e abilità di designer e artigiani italiani.

Ecco il nostro laboratorio sartoriale, dove nascono composizioni 100% Made in Italy capaci di soddisfare le richieste di progettisti e dealers in oltre 70 Paesi nel mondo per l'arredo su misura di abitazioni esclusive, hotel e imbarcazioni di lusso.

^{EN} Our sights are set firmly on innovation, yet our hearts cherish tradition and sartorial expertise. In a nutshell, this is our take on design.

Starting out as a small sofa manufacturing firm, we have always focused on the future. Our vision has led us to focus to the mid-to-high-end international market, presenting a comprehensive living concept that spans the living room, dining room, and bedrooms, all reflecting Gamma's distinctive style.

We have always kept all Gamma production in the Forlì plant. This is the only way that we can ensure a continuous control over the quality of our products, thanks to the creativity, expertise, and skills of our designers and craftsmen.

This is our sartorial workshop where we breathe life into entirely Italian-made compositions that exceed the expectations of designers and dealers in more than 70 countries all over the world for the furnishing of exclusive homes, hotels and luxury yachts.

Perfezione è ciò che contraddistingue ogni nostro gesto, ogni nostro prodotto. I particolari sono importanti e noi li curiamo in ogni minimo dettaglio. Grazie alle competenze dei nostri artigiani i progetti prendono forma, passano dalla sfera delle idee alla concretezza della realtà. Abilità manuali preziose che non realizzano soltanto materialmente i nostri prodotti ma svolgono un'azione ancora più profonda e raffinata: con le mani i nostri esperti soppesano gli attrezzi, accarezzano le pelli, lavorano i materiali, utilizzando, a seconda delle necessità, forza, decisione ed estrema delicatezza. A guardarle con attenzione, sono proprio le mani a raccontare chi siamo, la nostra storia e i nostri valori.

^{EN} A quest for perfection is what drives each single gesture and informs each single product. Details are essential, so we take care of every last one. With the skills of our craftsmen, designs take shape and are transformed from abstract ideas to a tangible reality. This rare and valuable dexterity does more than just create our products in a tangible sense, it is also responsible for completing more in-depth, delicate and polished work. With their hands, our experts weigh up the tools, caress the leathers and work the materials, using strength, decision-making skills and extreme delicacy as required. If you watch them closely, you will see that it is these hands that tell you who we are, our story and our values.
