HOME COUTURE

The Home Couture collection is born from a re-interpretation of shapes taking its inspiration from Deco style, with an eclectic twist. Nothing adds drama to a room as a well-placed luxury light. The new contemporary collection has been exquisitely designed by Villari, and is directly inspired by the Deco style of the 20s. Characterized by a brass frame from which hangs round shaped shades in blown glass, suspended on different levels and creating a dynamic movement. Each glass element is embraced by a ring decorated with four brass spikes. Perfect to highlight your space and create a luxurious ambience in any setting. An ancient language, the one of porcelain, used to express original and modern contents even in its formal classicality.
