

WHO WE ARE

Established in 1997, **RIVA MOBILI D'ARTE** provides a continuous evolving framework with reference to the **classical furniture sector**. Behind this **sober elegance** lies an **history of courage, skill and passion** for furniture that is **world-renowned**.

Our company is a **family business** that it is held together by the passion of work and by the research and study of new products.

We combine the **attention to detail with the entire piece**; the **imagination with the real**; the **courage with the tenacity**.

THE HISTORY

Francesco Riva joined his energies to create RIVA MOBILI D'ARTE.

He follows the passion and the tradition of the **family** that links them to the world of furniture and woodworks.

It was in the late 50's when his father Felice Riva founded the brand M.A.RIVA. He started from a small art studio and each furniture was completely realized with craft labor and few means.....

RIVA MOBILI D'ARTE

RIVA MOBILI D'ARTE is immediately recognized as one of the best representatives of taste, luxury and high Italian quality, where the elegance is the main feature, all over the world.

OUR PHILOSOPHY

The company focuses primarily on the **interpretation of the Classic furniture concept** through **new and innovative forms.**

FURNITURE TECHNIQUES

We select **only quality** and choose **the most suitable materials** for the furniture, improving resistance and flexibility.

The **slabs of wood** are carefully selected, treated, then carved into different thicknesses .

We then **create the decorations and chromatic effects** that characterize the entire RIVA MOBILI D'ARTE collection..
