Circus

design Federico de Majo

Lampada a sospensione che nasce dalla combinazione del modello Baby con diffusori in ceramica Made in Italy. Il diffusore, dipinto a mano, è decorato all'esterno con un motivo a righe bianche e nere oppure completamente nero; l'interno è bianco o decorato in tinta unita (blu, rosso, giallo o verde).

La lampada è studiata anche per uso modulare.

Adatta esclusivamente a uso interno.

Suspension lamp created by combining the model Baby with Made in Italy ceramic diffusers. The diffuser is hand-decorated on the outside with a black and white striped pattern or completely black; the inside is white or decorated in a solid color (blue, red, yellow or green). The lamp is also designed for modular use. Suitable for indoor use only.

Sirio

design Federico de Majo

La collezione Sirio porta un tocco di eleganza alla tua casa con una lampada da parete e una sospensione, entrambe con elegante paralume in ceramica Made in Italy, disponibili in due finiture: bianco e terracotta.

Lo schermo in policarbonato opale diffonde una luce morbida e avvolgente.

La sospensione, nata dall'incontro tra Tubotto e il paralume in ceramica, è dotata di un rosone e cavo neri, ed è anche progettata per un uso modulare. Queste lampade, ad esclusivo uso interno, sapranno rendere i tuoi spazi ancora più accoglienti e originali.

The Sirio collection brings a touch of elegance to your home with a wall lamp and a pendant, both with elegant ceramic lampshade Made in Italy, available in two finishes: white and terracotta. The opal polycarbonate screen diffuses a soft and enveloping light. The pendant, born from the meeting between Tubotto and the ceramic lampshade, is equipped with a black rose window and cable, and is also designed for modular use. These lamps, exclusively for indoor use, will make your spaces even more cozy and original.
