A photograph of several people walking in a bright, white, minimalist space. The image is heavily blurred, creating a sense of motion and anonymity. The people are dressed in casual, contemporary clothing. The background is a plain, light-colored wall, and the floor is also light-colored, reflecting the people and the overall bright atmosphere.

I paesaggi Paola Lenti sono luoghi dove un filo visibile e invisibile unisce natura, design e architettura, generando nelle persone un senso di equilibrio e meraviglia che le porta a ritrovare, con emozione, sé stesse.

*Paola Lenti landscapes are places where a visible and invisible thread weaves together nature, design, and architecture—evoking a sense of balance and wonder that gently leads people back to themselves.*

## **Outdoor / giardini**

La visione di Paola Lenti per l'outdoor è un omaggio alla natura.

Spazi a cielo aperto diventano ambienti da abitare tutti i giorni con raffinata eleganza.

Il design trascende classificazioni stilistiche e temporali e si integra armoniosamente con l'ambiente circostante senza mai prevalere. Architetture, cromie, tessuti e lavorazioni artigianali generano scenari dove il ritmo tra superfici opache, accenti cangianti, decori della memoria e segni grafici è sapientemente scandito.

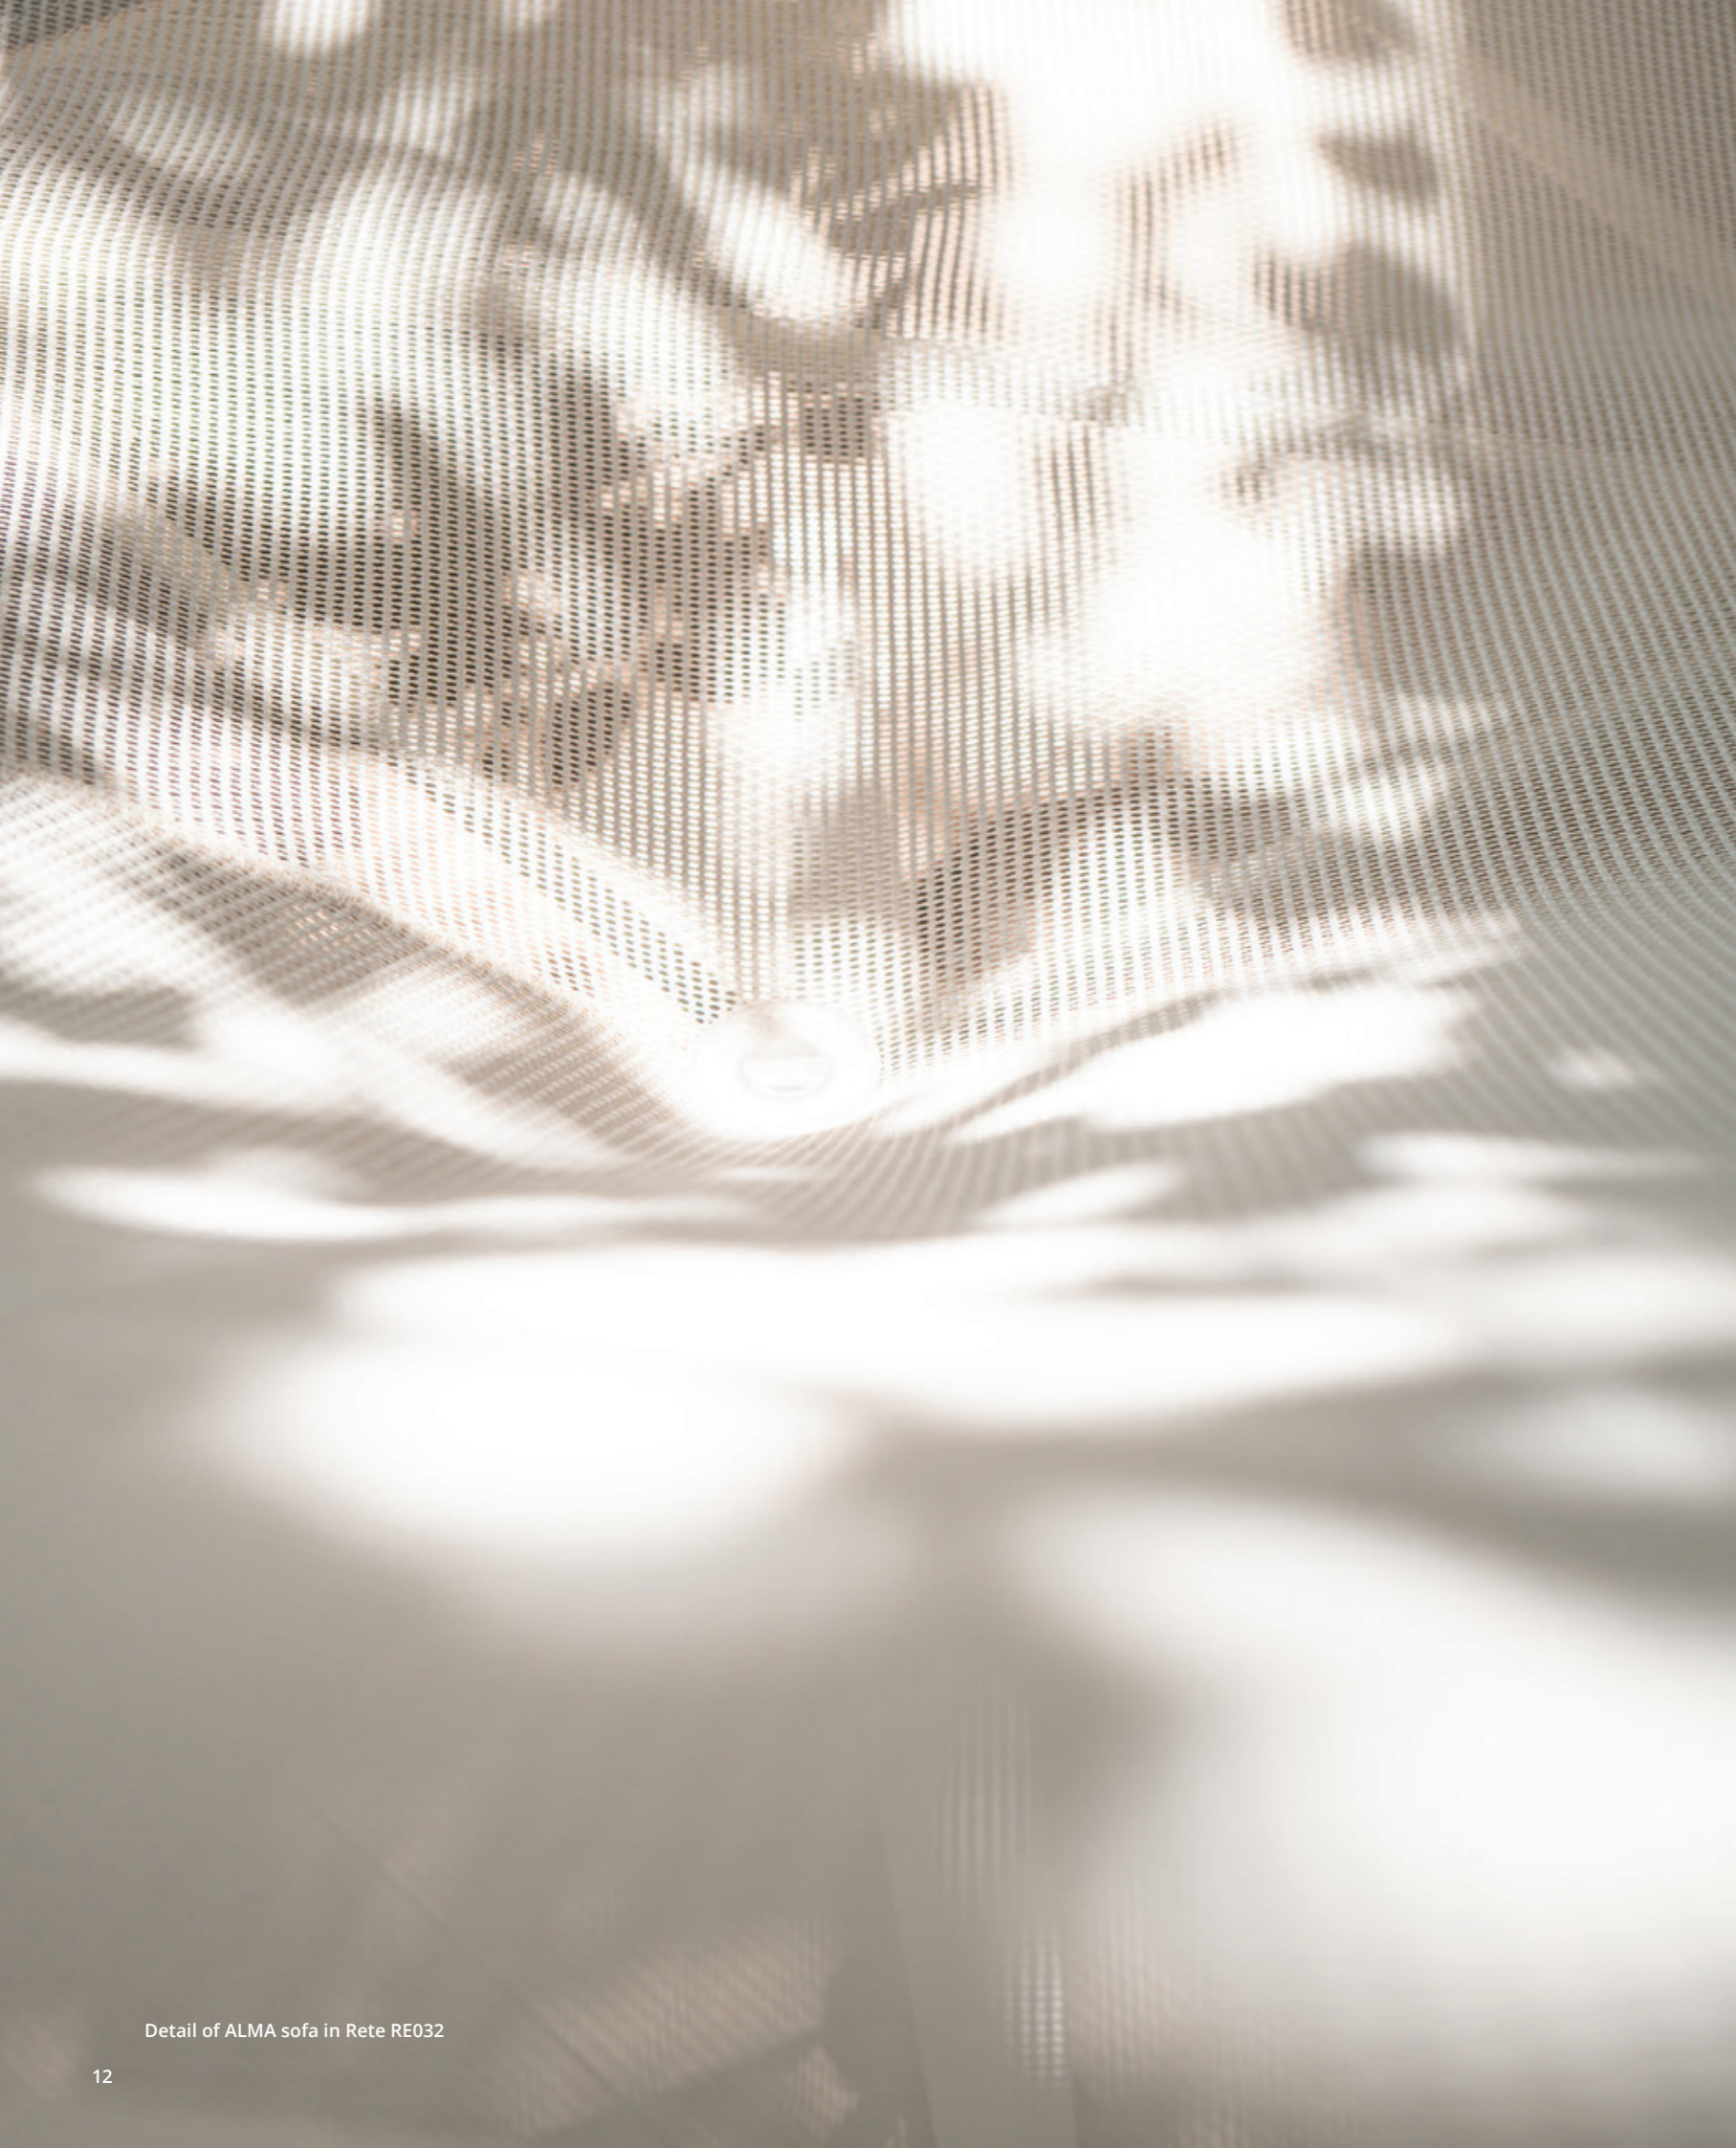

*Paola Lenti's vision for the outdoors is a tribute to nature.*

*Open-air spaces become places to inhabit every day with refined elegance.*

*Design transcends stylistic and temporal classifications, blending seamlessly with the natural surroundings without ever overpowering them. Architectures, colour palettes, fabrics and artisanal savoir-faire create harmonious scenes, where the rhythm between matte surfaces, iridescent highlights, patterns of memory and graphic motifs is artfully orchestrated.*
