

Dimarmo

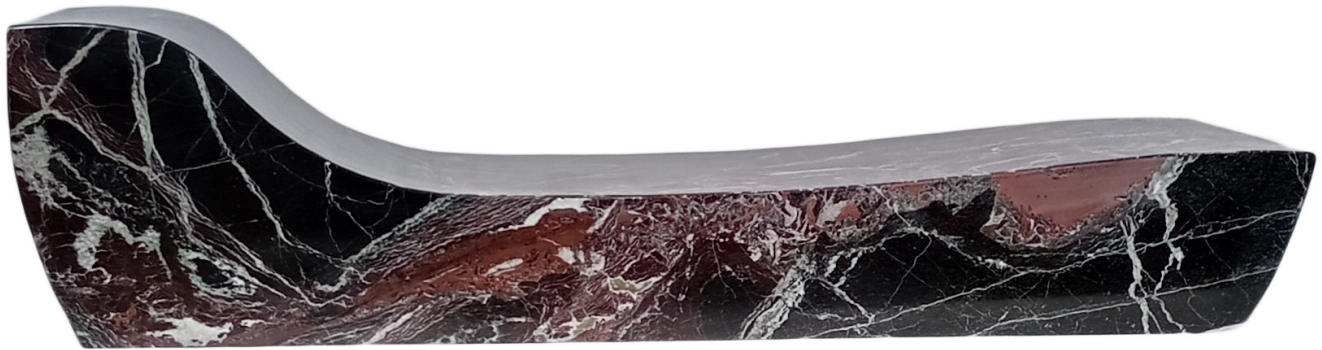

Onda, Onda New and Ondalta chaise longue

The project stems from the desire to surprise through a floating marble monolith.

The shape is deliberately archetypal to highlight the contrast between the semantics of marble and its surprising effect.

W chair

The session has a minimal appearance that amazes for its low weight.

Suitable for indoor and outdoor, adapting to a contemporary and design style.

Pilier and Pilier Large coffee table

**Complements that, like a monolith,
exalt the open spot of the stone.
Their low weight allows indoor and outdoor
use.**

**The elegance of the material
gives the environment a refined character.**

Dieus lamps

A captivating statement piece, this floor lamp will elevate any contemporary decor with its subtle sophistication.

Fashioned of lightweight marble, the sleek, scalene shape features a spherical diffuser made of glass that hosts a chromo-therapeutic light whose shade can be changed using the provided remote control.

CS lamp

The geometric shapes the simple and rigorous of this lamp are softened by the light diffused globe of opaline glass framed between two solids blocks of marble. Equipped with a remote control dimmer that changes the intensity of the light at will, from bright to warm, soft light.

CS Totem lamp

This iconic design is a surprising hybrid of a sculpture and a lamp. Showcasing a geometric minimalist silhouette with two luminous glass spheres spaced out between three marble blocks, its seemingly lopsided aesthetic conveys a sense of captivating tension at every glance.

Dieus coffee table

The Dieus table subverts the rules of conventional design defining a bold intersection of geometric shapes. A glamorous focal point in every living room. Oval top and triangular marble legs create an amazing asymmetrical suspension effect. The elegant black and white marble with shades of grey and distinctive gold veins give refinement and character to this product. Different finishes can be combined on request, unleashing a continuous creativity in mixing new and personal nuances.

Circus coffee table

Archetypal discs, marble circumferences fit together and generate a three-dimensional Euclidean figure.

Sculpture with a pure shape, designed by DebonaDemeo design studio, fits elegantly in any context and characterizes the room in a refined and exclusive way.

Cs coffee table

A luminous globe set between two thick marble slabs defines this sculptural coffee table of contemporary inspiration. A dynamic balance of volumes seemingly defying the laws of physics, the design offers a stimulating and versatile aesthetic that also provides a surface for laying a tray during coffee or tea breaks.

Cs side table

This sculptural side table is distinguished by pure geometric volumes arranged in a captivating ensemble distilling a sense of imbalance. The bold block base and top both fashioned in marble are connected by a central glass globe which doubles as a light source whose warm glow radiates unobstructed into the surroundings

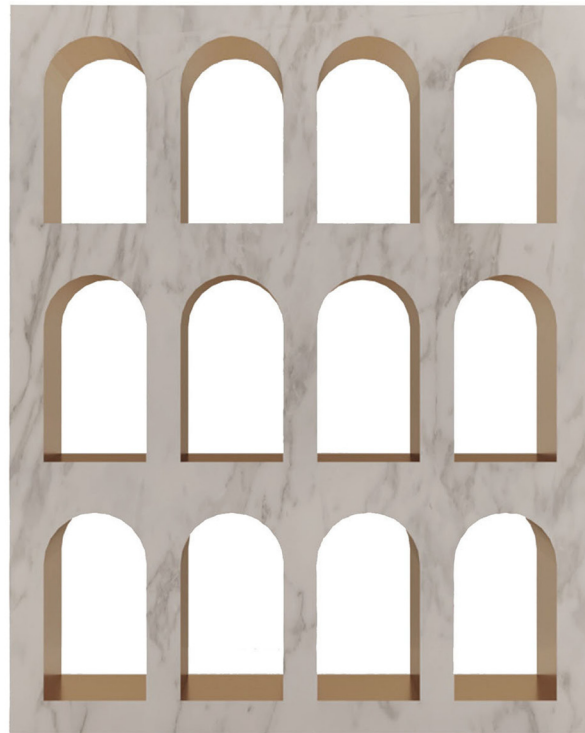

Portici bookcase

Showcasing the elegant veins of marble, the bookcase Portici is an added value to a luxurious decor.

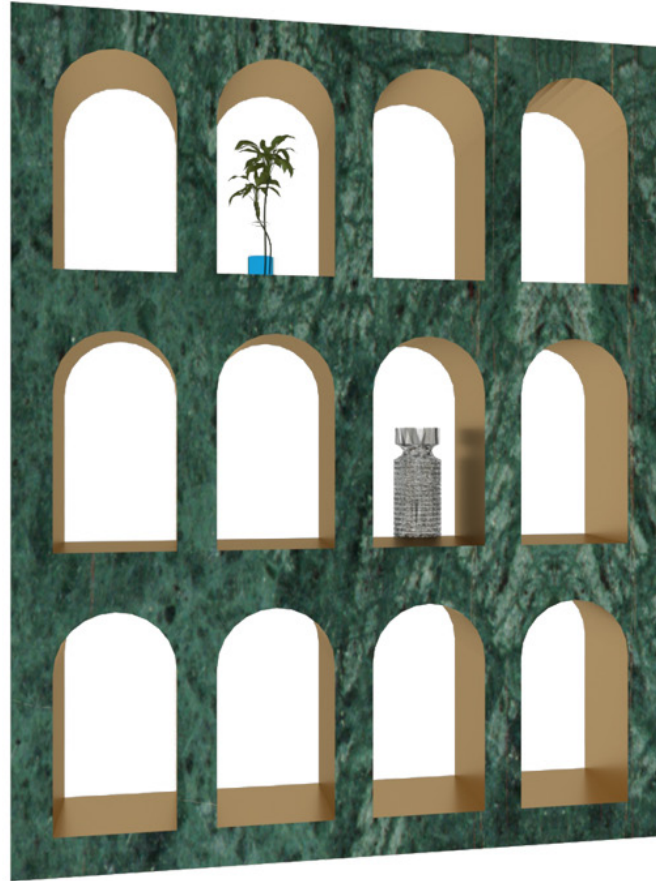

Its placement both on the wall and midroom is elegant and sophisticated interprets any space with refinement and gentleness.

Create a physical and visual division in a large room or loft space, this particular bookcase inspired by classical architecture has arched corners in gold finish.

Impeccable and unique design adds a sophisticated touch to the function of organize and decorate with objects from collection more coveted and sought after.

Clessidra console

Luxury meets geometric rigor in this superb console of undeniable contemporary inspiration.

A lamp thanks to the battery-powered glass sphere set between the top and pyramidal base in prized marble, it strikes with its thoughtful balance of proportions offering an intriguing effect of deceptively unstable equilibrium.

Sumisura table

Sumisura represents the essence of craftsmanship.

Entirely made of marble, highlights the opulence of natural stone, while maintaining a rarefied elegance in the lines.

Formal synthesis and refined design make Sumisura suitable for living, contract and outdoor spaces.

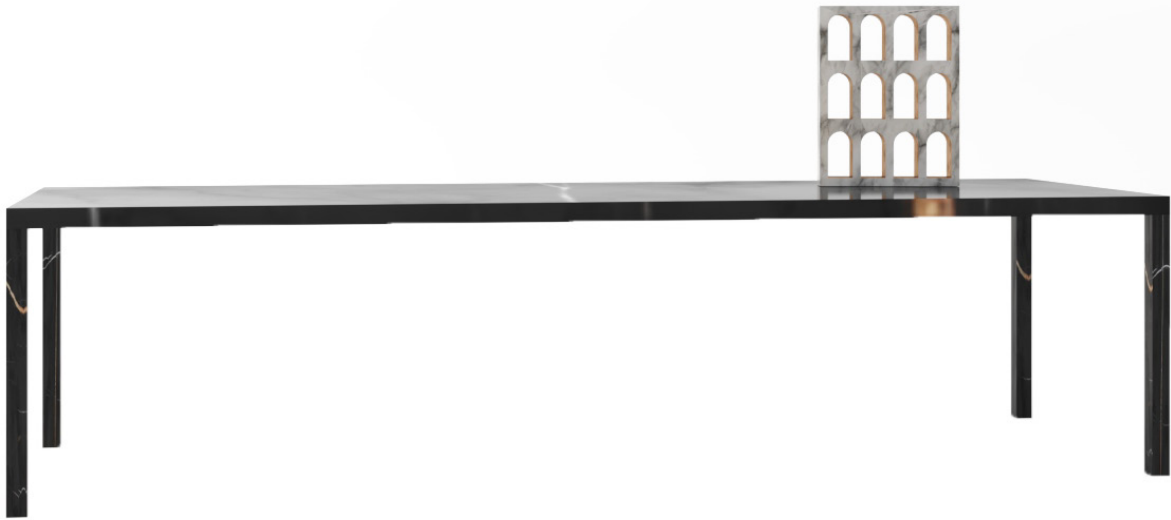

Emblem of a home architecture as bold and surprising for its ability to extend up to 3 meters.

It is easy to move because it has a reduced weight: 80/90 Kg.

A wide range of sizes and materials, allow to decline Sumisura as a customisable solution.

Cut table

Ethereal in its luminous and deceptively off-kilter silhouette, this rectangular table in prized marble is sure to make a statement in refined contemporary dining rooms or studies used as a master desk.

Two clear glass sheets fit the plinth legs to the thick and wide top, making it seem as if magically floating above them.

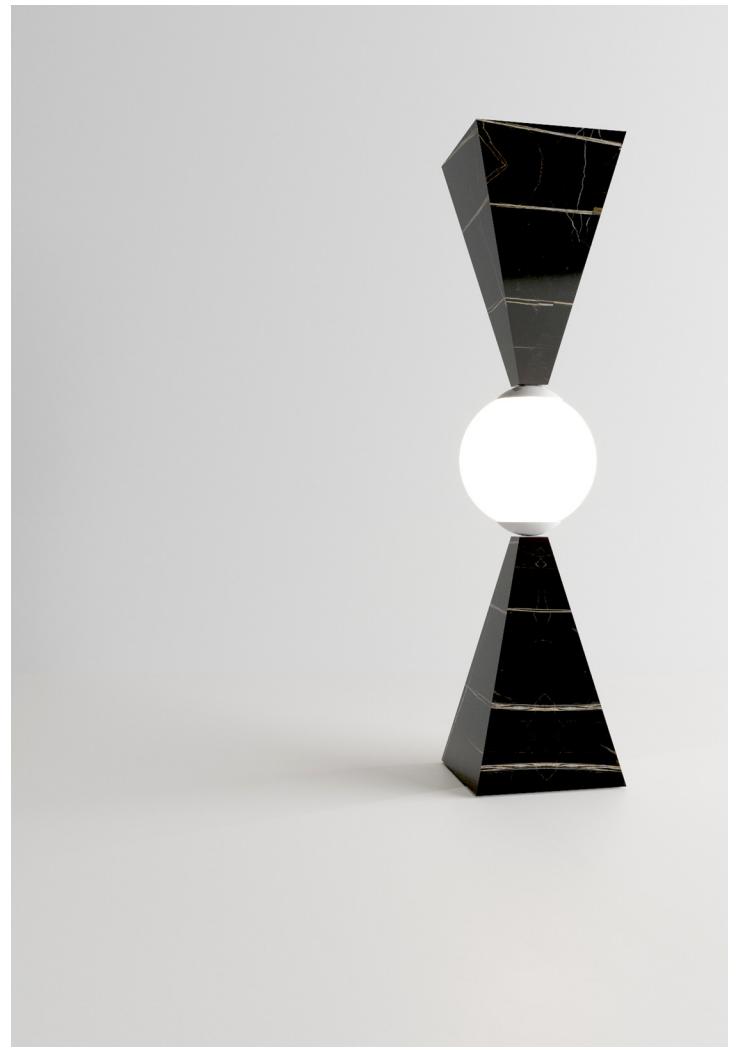

Clessidra lamp

Teaming up with design studio sid&sign, Dimarmo created a collection of sculptural lamps handcrafted using prized marble.

The Clessidra presents a handblown glass sphere framed by two pyramidal shapes handcrafted of marble to reveal an hourglass silhouette, hence its name.

The light diffused through the opal glass is controlled by a remote, changing the intensity of the light emitted from a bright to a soft atmosphere.

Marble finish can be customized upon request.

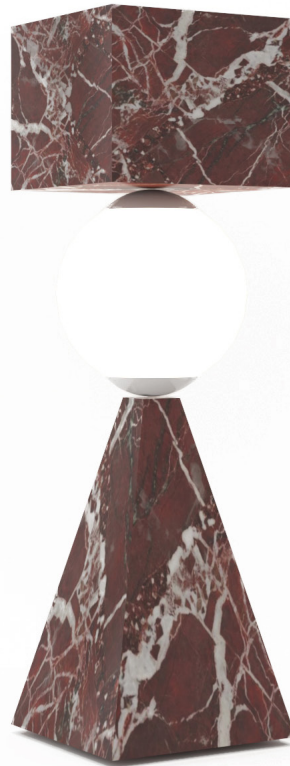

Cs Class lamp

Functional and sculptural in equal parts, this superb table lamp will infuse a refined, artistic character to a contemporary home or office.

Expertly handcrafted of marble, the pyramidal base and cube top enclose a hand blown glass sphere in a poised balance that, when on, illuminates the striking and dense interweaving of glossy veins on the deep marble.

A remote control allows one to adjust the intensity from bright to a soft glow at will.

Dieus S wireless lamp

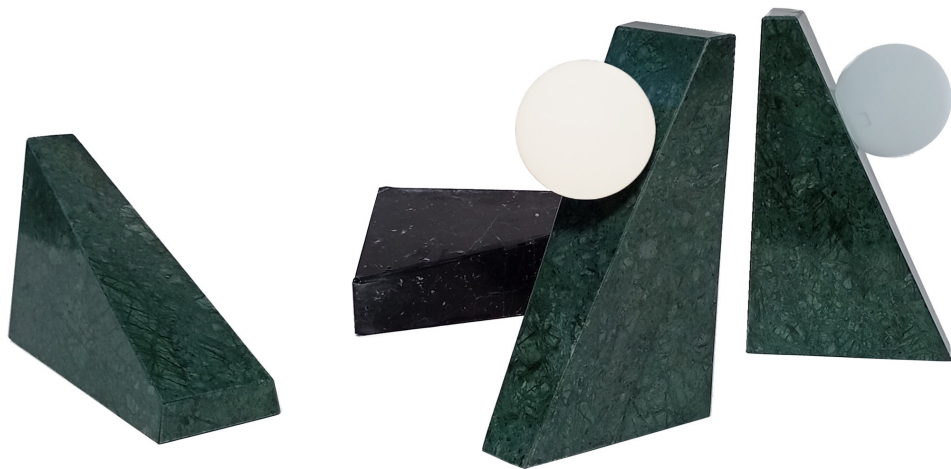

Dieus S is the first marble lamp designed and built wireless.

The lamp is suitable for luxury places and gives prestige to the table set.

This eye-catching table lamp designed by sid&sign Studio features a sculpted silhouette of clear geometric inspiration.

Made of precious marble, the piece has an elegant scaly shape with a spherical glass diffuser that seems to float in mid-air.

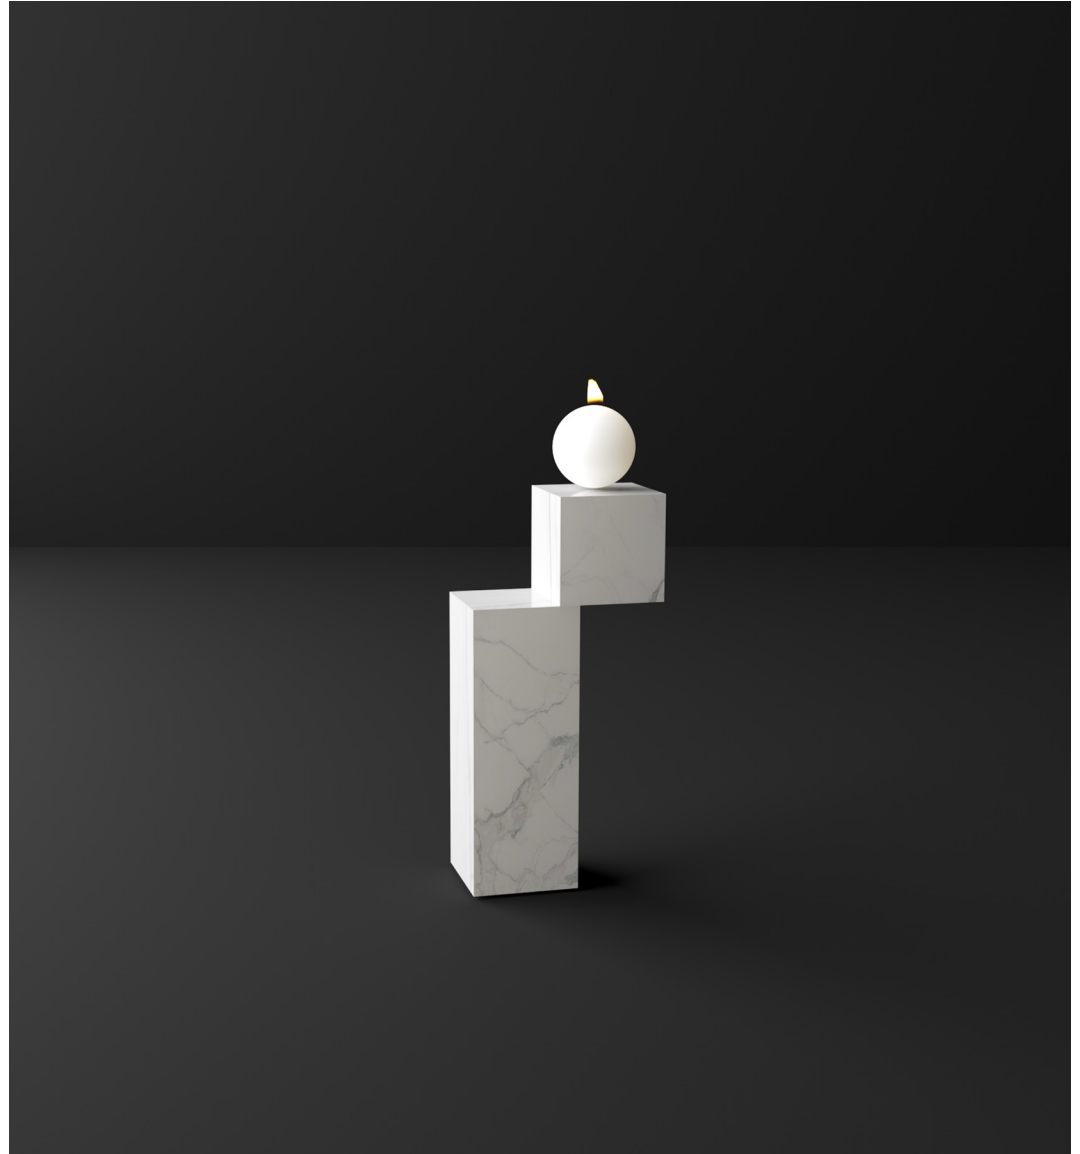

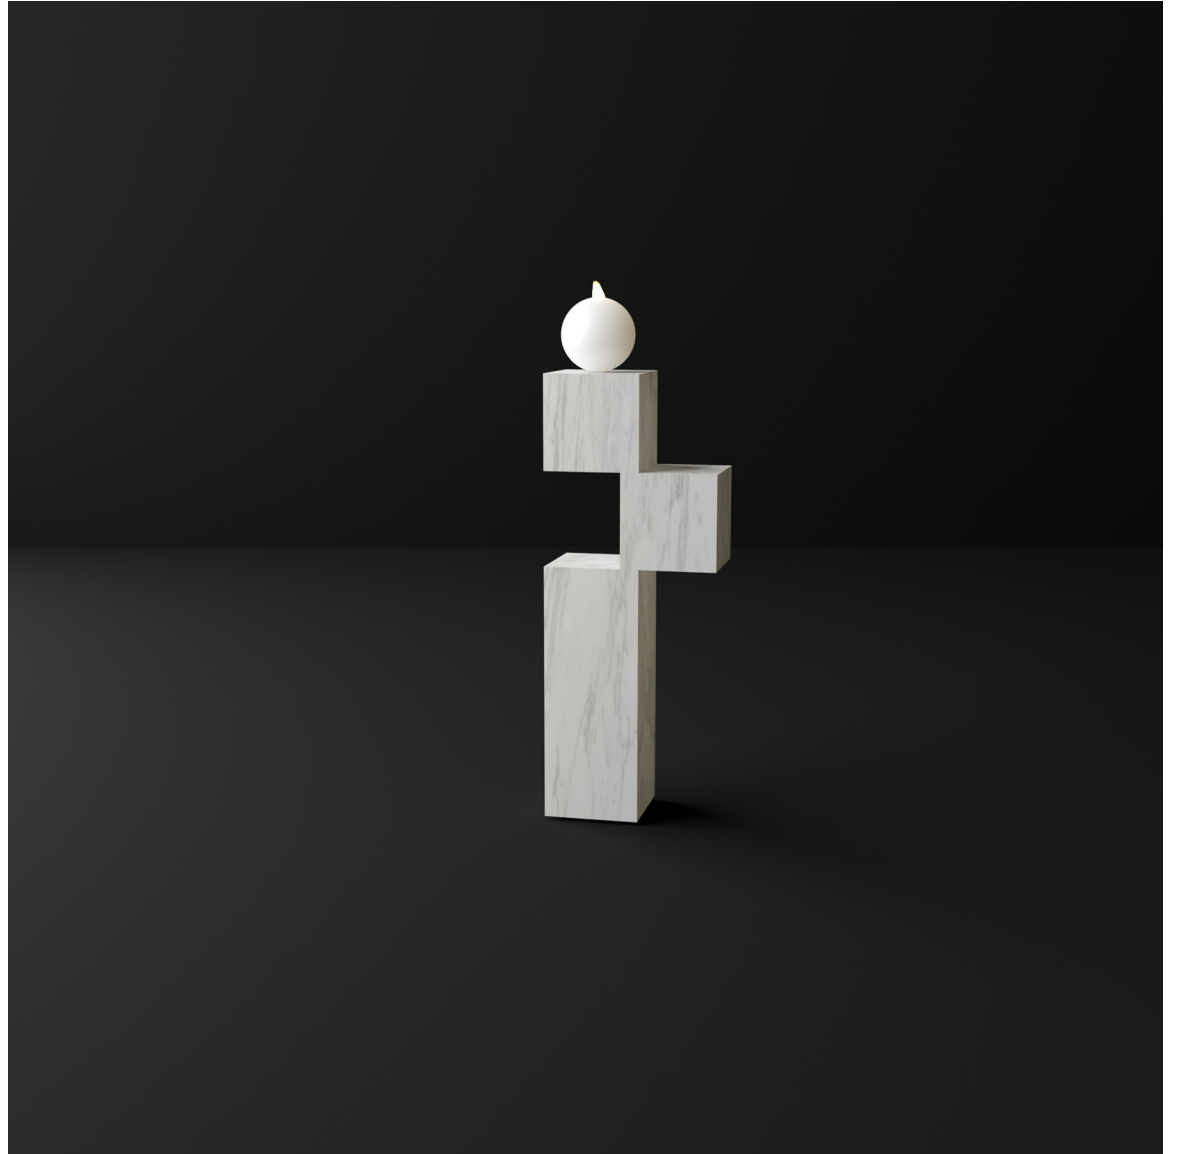

candlestick A and B

**Monolithic sculptural forms captured by
stone blocks of recovery.**

**These forms hold the faint flame
of a candle and are in exalting
contrast with it.**

**Pure forms, geometries that support each
other in an apparent unstable balance. The
object recalls ancient suggestions where
wax illuminated meetings and
created a serene and convivial atmosphere.**

s-table

**S-table is a marble coffee table.
In evident contradiction with the material
that composes it, lightweight pound,
rises like a cloud.**

67 lamp

A dynamic and sharply-cut X-like silhouette marks this singular sculpture in prized marble.

Set within its upper V-shaped profiles as a precious stone is set in a ring, a glass globe housing a light source provides an exceptional level of illumination.

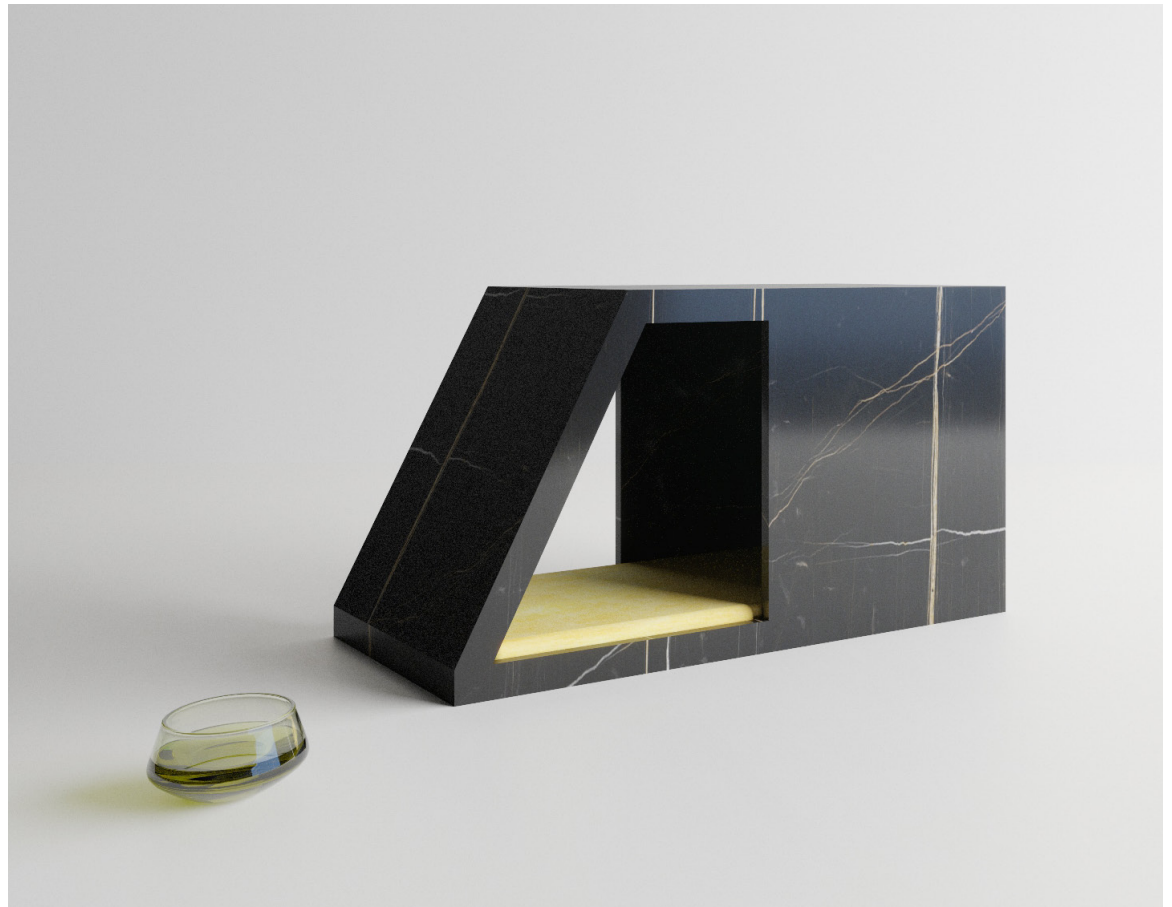

Camper doghouse

**House in our house for pet friends
who deserve a glamorous place
to welcome them.**

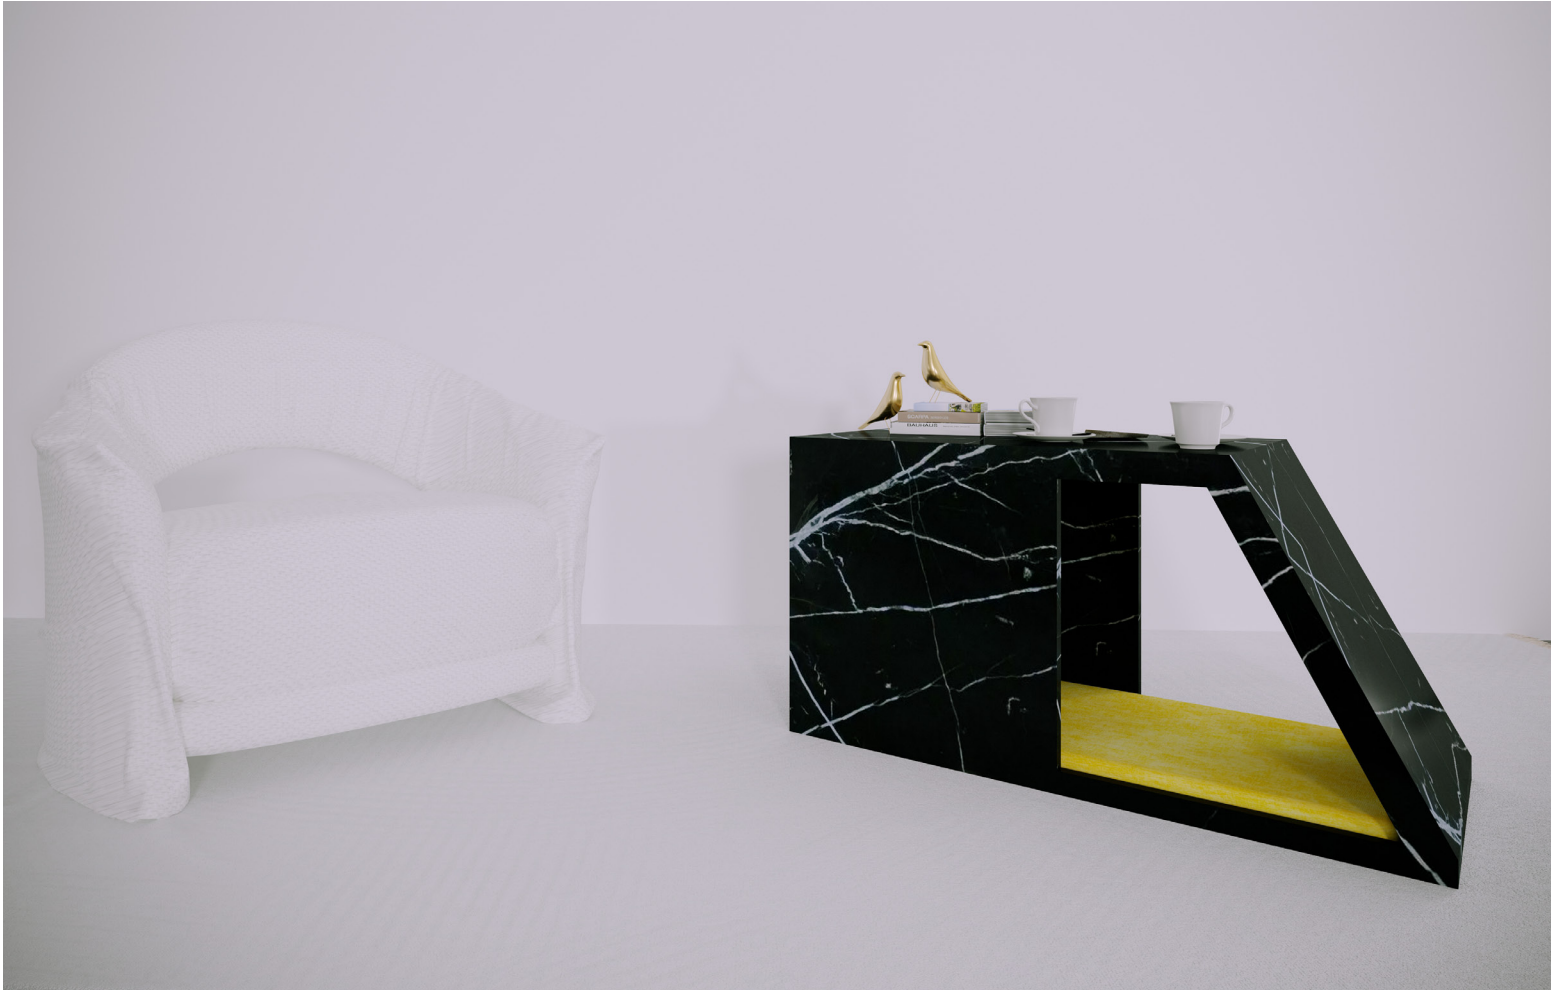

**This kennel is both an elegant and functional
coffee table.**

**The finish is in precious marble and elegant,
can be placed in environments with different
configurations and styles.**

The collection uses an innovative technique to build monolithic forms with low weight.

The products are made in lightweight marble, system that allows the use of valuable natural stones also on structures that normally could not bear the weight.

The use of these surfaces guarantees, thanks to the limited weight, to have greater flexibility and endurance.

The products are handcrafted so each has unique and unrepeatable characteristics.
