COSMOPOLITAN

Perché Cosmopolitan?

Da quasi un secolo Mantellassi ha uno scopo: creare e produrre oggetti che rendano la vostra casa il posto più accogliente del mondo.

Per questa ragione usiamo materiali preziosi e ricercati, adattiamo le nostre creazioni alle vostre esigenze e vi proponiamo nuove soluzioni per personalizzare il vostro stile. Questa collezione è nata per ispirare tutti coloro che ogni giorno si fermano ad apprezzare la bellezza di un particolare o la cura di una finitura pregiata.

Oggetti senza tempo per case che si aprono al mondo.

Why is it Cosmopolitan?

For almost a century Mantellassi has had a purpose: to create and produce objects that make your home the most welcoming place in the world.

For this reason we use precious and refined materials, we adapt our creations to your needs and we propose new solutions to customize your style. This collection was created to inspire all those who every day stop to appreciate the beauty of a particular or the care of a fine finish.

Timeless objects for houses that open up to the world.

Made in *Tuscany*

Sebbene si tratti di una collezione cosmopolita è altrettanto vero che Mantellassi ha una storia e delle radici che sono indissolubilmente legate alla propria terra di origine: la Toscana.

A questo punto sarebbe facile citare tutti gli artisti che nel corso degli anni hanno arricchito con le proprie opere le città di tutto il mondo ma noi vogliamo ricordare l'eredità di milioni di artigiani, che da secoli hanno racchiuso nelle loro opere la bellezza che i paesaggi che ci circondano ogni giorno ci offrono.

La qualità del made in Italy con la creatività unica del made in Tuscany.

Although it is a cosmopolitan collection it is equally true that Mantellassi has a history and roots that are inextricably linked to its homeland: Tuscany.

At this point it would be easy to mention all the artists who over the years have enriched cities around the world with their works but we want to remember the legacy of millions of artisans, that for centuries have enclosed in their works the beauty that the landscapes that surround us every day offer us.

The quality of Made in Italy with the unique creativity of Made in Tuscany.

La cura dei nostri *Materiali*

Da Mantellassi quando concepiamo un nuovo oggetto, che sia una lampada o una poltrona, partiamo dall'effetto che vogliamo che questo abbia in coloro che lo osservano e lo toccano. Ed è proprio a questi sensi che si rivolgono le nostre prime attenzioni.

Per questa ragione i materiali che compongono i nostri prodotti devono essere di alta qualità e abbinati con gusto, in modo che questa sensazione si estenda a tutto l'oggetto, conferendogli quel carattere unico che hanno solo i prodotti fatti per resistere alle mode e durare nel tempo.

From Mantellassi when we conceive a new object, be it a lamp or an armchair, we start from the effect that we want this to have in those who observe and touch it. And it is to these senses that our first attention is directed.

For this reason the materials that make up our products must be of high quality and tastefully matched, so that this feeling extends to the whole object, giving it that unique character that only have products made to resist fashions and last over time.

Miami ocean

Immaginate l'oceano davanti a voi. L'azzurro del mare che si estende a perdita d'occhio e si congiunge con il cielo all'orizzonte.

Parigi boulevard

In questa collezione la luce delle finiture dorate rappresenta la “grandeur” di Versailles e del Palais Royal. A tutto questo ci siamo ispirati per creare una collezione dove le linee di sapore art-decò si alternano a forme morbide deliziosamente liberty mentre su tutto domina un gusto di fondo che s’ispira allo stile delle colonie Indocinesi.

All this inspired us to create a collection where the lines of art-deco flavor alternate with soft forms deliciously Art Nouveau while on everything dominates a basic taste that is inspired by the style of the Indochinese colonies.
