FLEUR

Per la nuova edizione del nostro catalogo, abbiamo superato la tradizionale dicotomia tra Classico e Design e la nostra dedizione al prodotto ci ha spinto a ridefinire le collezioni trasformandole in visioni. Vogliamo offrire un'esperienza di prodotto che vada oltre l'attribuzione di un aggettivo coinvolgendo profondamente l'osservatore.

Il catalogo che avete tra le mani è il risultato di una meticolosa revisione del patrimonio creativo di MM Lampadari. Ogni pagina riflette l'habitat, la personalità e lo stile di vita che abbiamo immaginato per i nostri clienti.

La collezione Fleur rappresenta il culmine di questo processo: dettagli rigorosi, lucentezza damantina e riflessi preziosi. Questa collezione ospita i nostri prodotti più raffinati ed eleganti, fondendo la tradizione luminosa italiana con un'interpretazione moderna e senza tempo. Un taglio preciso e netto affina la materia grezza, trasformando ogni pezzo in un capolavoro luminoso, familiare e rassicurante nella sua rigidità formale.

For the new edition of our catalog, we have transcended the traditional dichotomy between Classical and Design. Our dedication to the product has driven us to redefine our collections, transforming them into visions. We aim to offer a product experience that goes beyond mere adjectives, deeply engaging the observer.

The catalog you hold in your hands is the result of a meticulous revision of MM Lampadari's creative heritage. Each page reflects the habitat, personality, and lifestyle we envision for our clients.

The Marquise collection represents the pinnacle of this process: rigorous details, diamond-like brilliance, and precious reflections. This collection showcases our most refined and elegant products, blending the luminous Italian tradition with a timeless modern interpretation. A precise and sharp cut refines the raw material, transforming each piece into a luminous masterpiece, familiar and reassuring in its formal rigor.

Un flessuoso arco metallico, decorato a mano, termina la sua corsa sfociando nel diffusore in vetro soffiato, reso unico da un'esclusiva finitura "a regolite" che gli dona movimento e fascino. Perfetta per delle armoniche composizioni sospese, Eos si presta anche a un utilizzo singolo grazie all'eccellente rifrazione della sfera diffusore.

A supple metal arch, decorated by hand, flows into the blown glass diffuser, made unique by a unique "regolith" finish that provides it with movement and charm. HANZO

DESIGNED BY MM LAMPADARI WORKSHOP

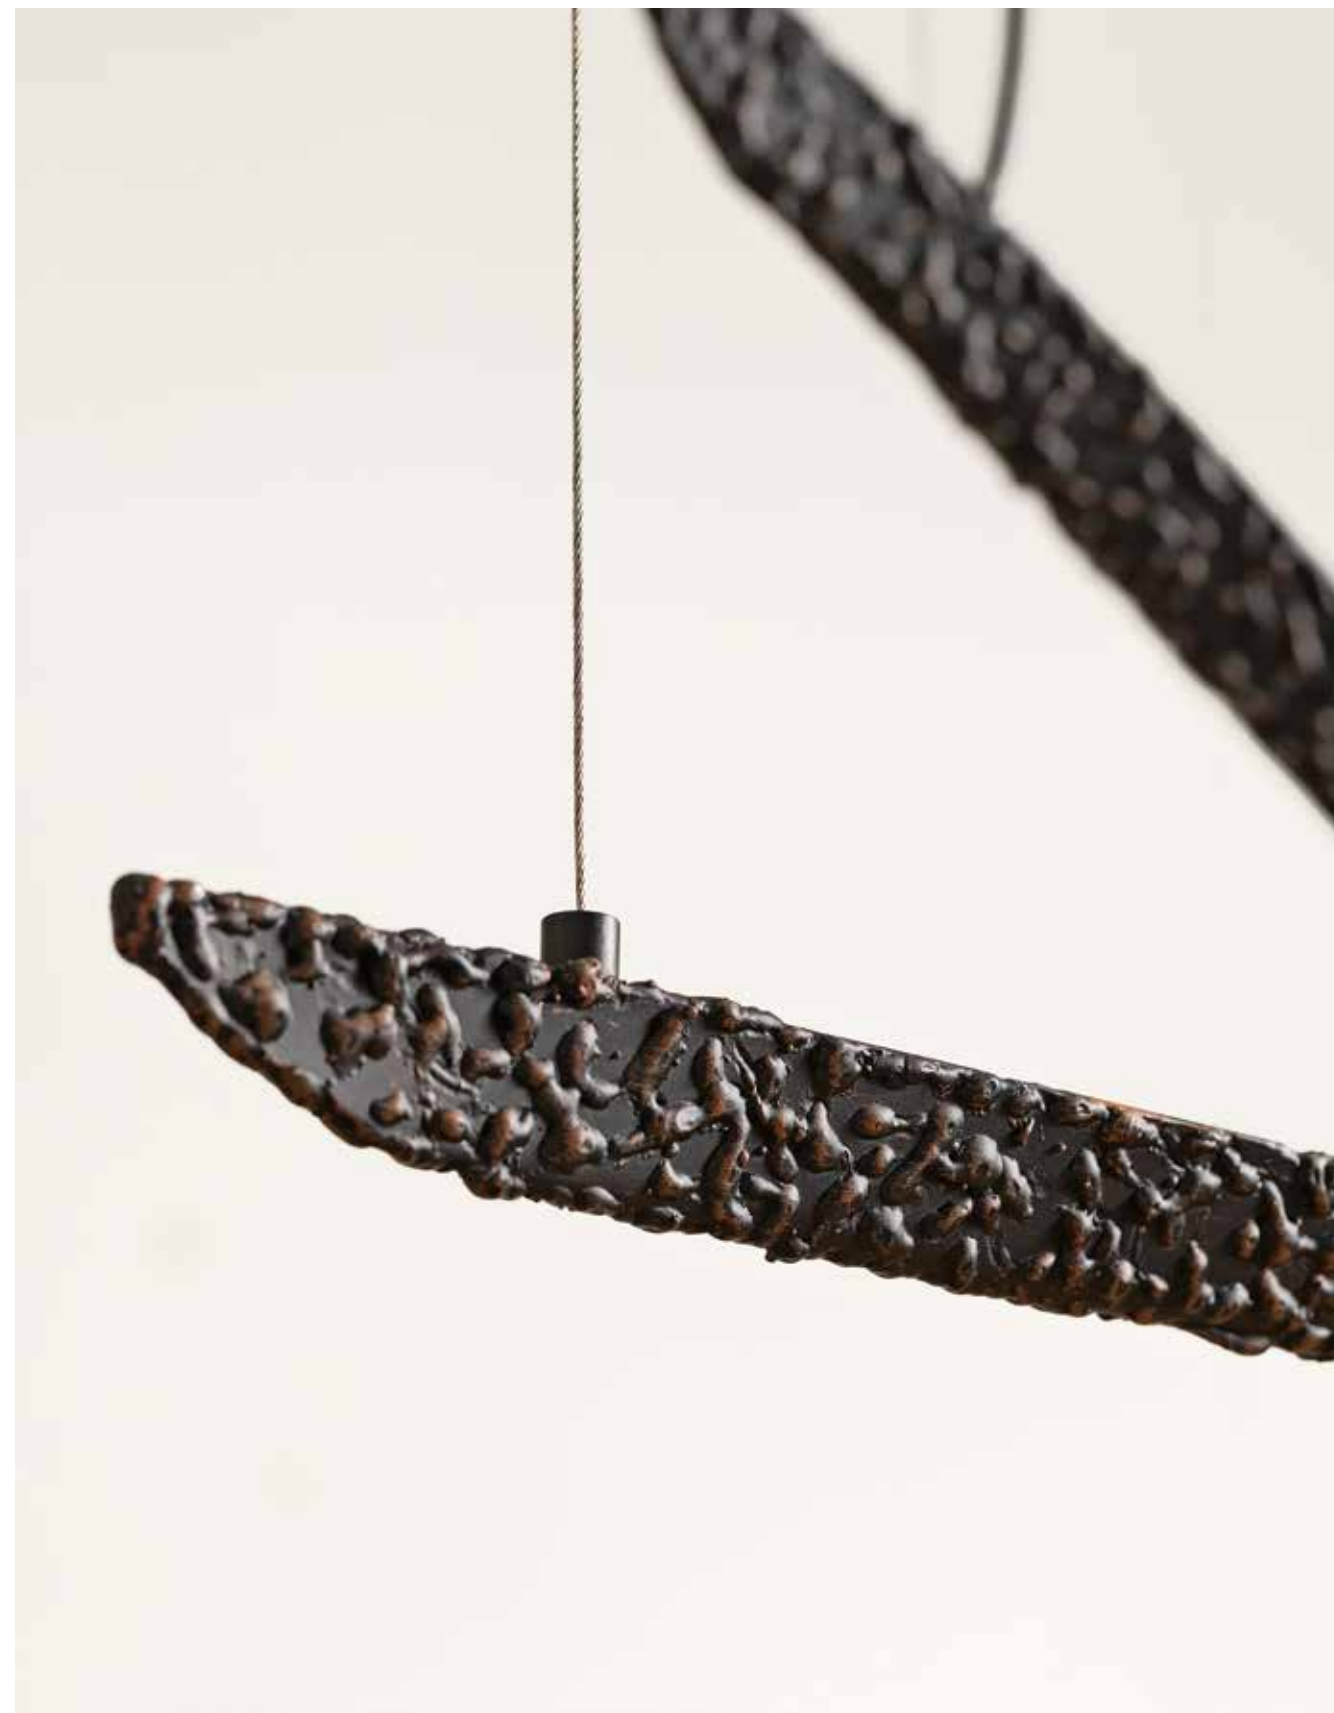

HANZO

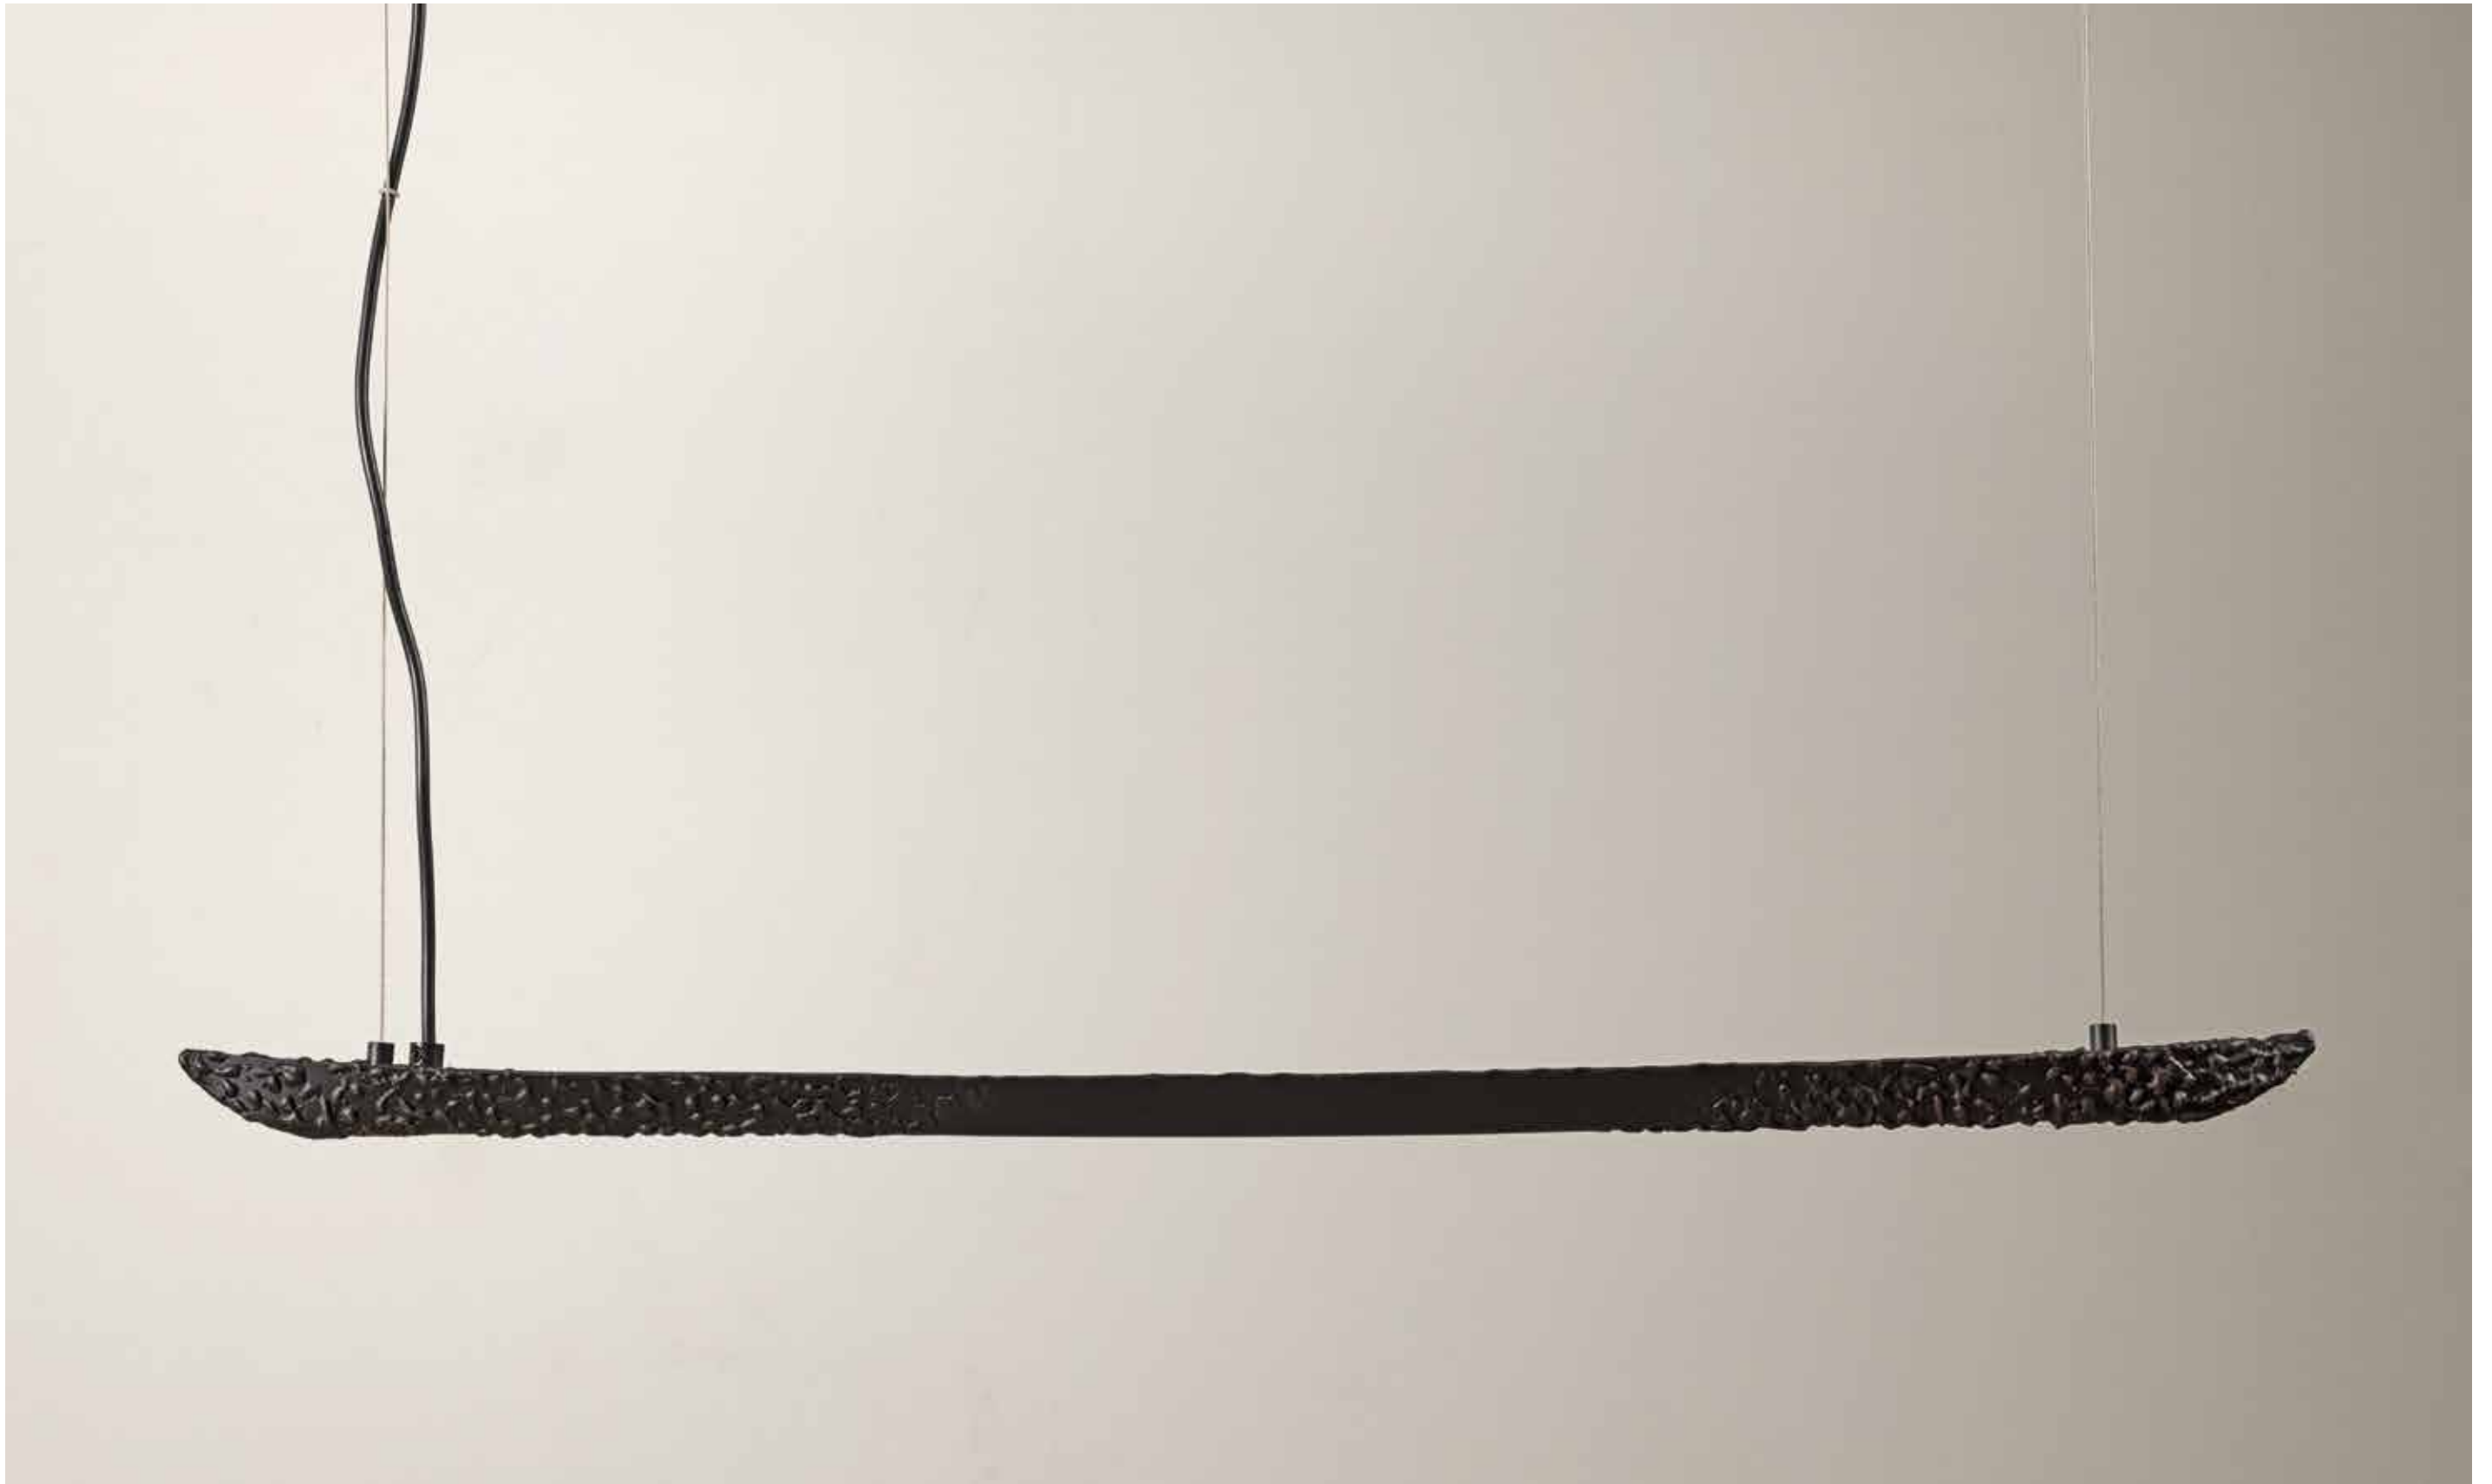

Un profilo tagliente e quasi bidimensionale definisce nello spazio una direzione, una traiettoria grafica che genera luce.

I delicati riporti di materiale creano un rilievo organico, e rappresentano un affascinante parallelo tra la maestria dei forgiatori nipponici di spade e l'alto artigianato italiano.

A sharp, almost bidimensional profile defines a direction in space, a graphic trajectory that generates light.

The delicate additions of material create an organic embossed pattern, and represent a fascinating link between the mastery of Japanese swordsmiths and high Italian craftsmanship.
