HAY

Soft Edge collection

Copenhagen-based design duo Iskos-Berlin have explored innovative moulding techniques to develop the organically formed Soft Edge Collection. Combining strong curves with extreme lightness, they have created a functional design that optimises human-centric comfort, while retaining a minimalist aesthetic. This versatile series includes chairs, lounge chairs, stools, and bar stools with frames in wood or steel with different finishes, while the seat is available in wood, plastic and upholstery in various colours and fabrics. The series' functionality and numerous design options make it ideal for a wide range of corporate, public, and private contexts.

Highlights

- A versatile series of chairs, stools, bar stools and lounge chairs
- Blending strong curves with extreme lightness to create a minimalistic design
- The collection offers uncluttered aesthetics, stability, and functionality
- The majority of the collection is EU Eco-labelled
- Variety of seat and base colours and finishes
- Seat upholstery available in a wide variety of fabric and leather options
- Ideal for using in private, public and contract environments
