SILVANO DEL GUERRA DESIGNER

Silvano Del Guerra nasce in una Cascina fortemente attiva nella realizzazione del mobile. La sua formazione professionale inizia dagli studi fatti presso la locale Scuola d'Arte del Legno, dove le sue indubbie capacità artistiche si fanno ben presto dinamiche e professionali, lavorando da subito per prestigiose aziende italiane, proponendosi con mobili in stile reinterpretati con gusto decisamente originale e moderno. Esalta le qualità ebanistiche dei suoi prodotti, con un disegno chiaro, lineare ed aggraziato, spesso inteso come un ipotetico ponte tra passato e futuro. Dopo quarant'anni di luminosa carriera, percorre ancora oggi la strada della progettazione, sempre con nuove idee, mai banali, ed in linea con l'evoluzione stilistica. Affrontando sempre con impegno il proprio lavoro, con particolare attenzione alle tendenze nell'evolvere del tempo.

Silvano Del Guerra was born in Cascina highly active in furniture manufacturing. His professional training began from the studies made at the local of the Wood Art School where his undoubted artistic ability, will make soon dynamics and professional, working immediately for prestigious Italian companies, presenting itself with furniture reinterpreted in style with much taste original and modern. It enhances the joinery finishing quality of its products, with a clear design, sleek and graceful, often understood as a hypothetical bridge between past and future. After forty years of brilliant career, still leads the way in design, always with new ideas, never dull, and in line with the stylistic evolution. Always facing hard their work, with particular attention to trends in the evolution of time.

Può essere il profumo di una pelle, il riflesso di una finitura, il soffio di un cassetto che scorre: i nostri sensi sono stimolati da quello che ci circonda e che siamo in grado di cogliere. Imparare ad apprezzare la qualità di un mobile è un processo di conoscenza che ci rende più ricchi e consapevoli.

It can be the scent of a skin, the reflection of a finish, the breath of a sliding drawer: our senses are stimulated by what surrounds us and that we are able to grasp. Learning to appreciate the quality of a piece of furniture is a process of knowledge that makes us richer and more aware.

La casa, il luogo dell'intimità al riparo dal fragore esterno; il silenzio, come aspirazione, evocato dalla scelta delle forme e dei materiali, preziosi e pacati allo stesso tempo.

The house, the place of intimacy sheltered from the external noise; silence, as aspiration, evoked by the choice of shapes and materials, precious and peaceful at the same time.

È nella notte che ogni cosa assume forme più lievi, più sfumate, quasi magiche. Le linee diventano essenziali, senza perdere di fascino e significato.

It is in the night that everything takes on lighter, more nuanced, almost magical forms. The lines become essential, without losing charm and meaning.

Notte, quando le parole svaniscono e le forme prendono vita: è allora che ammiriamo con il tempo dovuto quello che abbiamo voluto essere con noi ad osservare i propri sogni.

Night, when words vanish and forms come to life: it is then that we admire with due time what we wanted to be with us to observe our dreams.

*Fidarsi e affidarsi: scegliere un elemento di arredo per la propria abitazione è un attestato di fiducia verso chi lo realizza.
Lo diventa ancor di più quando la scelta riguarda la camera da letto, dove i mobili sono chiamati a custodire ed accogliere l'intimità di ogni persona.*

*Trust and trust: choosing a piece of furniture for your home is a certificate of trust towards those who make it.
It becomes even more so when the choice concerns the bedroom, where the furniture is called to guard and welcome the intimacy of each person.*
