Italian journey

Viaggio in Italia

L'opera del nostro Design non è solo il prodotto, ma è influenzato dalla bellezza delle opere d'arte e d'architettura del nostro territorio e la sua produzione segue i canoni qualitativi che contraddistinguono l'Italia. L'eleganza italiana affonda le sue radici nell'arte e nell'architettura che per secoli hanno improntato le città e la cultura italiana. Queste arti da sempre sono fonte d'ispirazione per l'azienda. Le nuove creazioni interpretano il cambiamento dei tempi esprimendo, nei nuovi prodotti, un'innovazione estetica di design secondo i canoni di gusto, eleganza e preziosità.

The work of our design is not only the product, but this product is influenced by the beauty of the works of Italian art and by the architecture present in our territory. So, the production of our articles follows the quality standards that distinguish our Italy. Italian elegance has its roots in art and in architecture that for centuries have embellished the Italian cities and Italian culture. These arts have always been an inspiration for the company. The new creations interpret the change of our time, expressing in new products, an aesthetic design innovation joining good taste, elegance and preciousness.

Precious woods eco-sustainable

Legni preziosi
ecosostenibili

Migliorare il benessere delle persone significa rispettare la ricchezza e l'unicità del nostro pianeta. Da parte nostra contribuiamo concretamente al rispetto e alla tutela del nostro pianeta usando legni di riforestazione. Il valore culturale è alla base della metodologia delle utilizzazioni forestali. La cultura sull'ottimo utilizzo delle risorse e l'attenzione di operare senza compromettere l'ecosistema è l'obiettivo primario che consente agli alberi di essere materia sostanziale.

Improve the well-being of the people means to respect wealth and the uniqueness of our planet. For our side, we are contributing concretely to the respect and protection of our planet using reforestation woods. Cultural value is at the base of the forest utilization methodology. The culture on the best use of the forest along with the attention to operate without upsetting the ecosystem is the primary objective that allows trees to become a considerable natural.

High cabinet making

Alta ebanisteria

L'azienda offre una vasta scelta di legni.
Il legno diventa pregiato nel momento in cui
venisse esaltate le sue caratteristiche intrinseche naturali
venature creando motivi estetici che ne accrescono il
valore stesso. Inoltre la sapienza della lavorazione è
ulteriormente accresciuta dall'impalcatura su
superfici dinamiche e curve, intagliate ed intagliate,
che è una peculiarità della produzione aziendale.

The company offers a wide selection of woods.
Wood becomes precious when its characteristics
are enhanced, in fact the natural veins create
aesthetic motifs that increase its value.
Furthermore, the knowledge of the processing
and curves is further increased by the veneering
on dynamic surfaces, perforated and inset,
which is a peculiarity of our company production.

Tayloring

Sartorialità

La costante e attenta ricerca di Carpenelli per tessuti e pellami fa dell'azienda un atelier di alta moda. Vengono selezionati per essere lavorati con sapiente originalità. Cuciture speciali e ricami arricchiscono così il valore di ogni singolo prodotto.

Carpenelli's constant and careful research for fabrics and leathers makes the company a really high fashion atelier. They are selected to be worked with masterly originality. Special stitching and embroidery increase the value of each individual product.

Jewel finishes

Finiture gioiello

Ogni dettaglio dei nostri mobili diventa sinonimo di eccellenza, anche quando non è immediatamente visibile, per rendere ogni nostro prodotto senza tempo. I metalli preziosi sono da sempre il segno distintivo delle case di lusso. Le semplici leghe metalliche vengono lavorate forgiate e finite come veri gioielli in più varianti di finiture come il cromato lucido, il bronzo spazzolato e il bronzo satinato.

Every detail of our furniture becomes synonymous with true excellence and even when this detail is not immediately visible we do it for making our product timeless. Precious metals have always been the distinctive sign of luxury homes. The simple metal alloys are worked forged and finished like real jewels in more variations of finishes such as polished chrome, brushed bronze and satin bronze.

Interior design service

Servizio di interior design

Designiamo interi in cui il piacere di vivere
mettendo al centro l'uomo e il suo benessere in una
esperienza di lavoro quotidiano.
Progettiamo dal principio.
Ogni giorno produciamo tailor-made per i nostri
partners. Grazie alle ampie collezioni esiste la
possibilità di modificare i prodotti già a catalogo,
così come sfruttare l'ampio know-how per creare
il nuovo mantenendo l'identità Carpanelli.
Per questo ogni committente ha la certezza
di rivolgersi ad una azienda che ha un'esperienza
e competente studio di progettazione che offre un
servizio di interior design e high manufacture.

We design the interiors of homes where we would
like to live putting at the center of this project a
person and his well-being, all in an experience of
daily pleasure. We project to get emotion from people.
Every day we produce tailor-made for our partners.
Thanks to the extensive collections there is the
possibility of modifying the products already in the
catalog, as well as exploiting the extensive know-
how to create new ones while maintaining the
Carpanelli identity. For this reason every customer
has the certainty of contacting a company that has an
organized and competent design studio that offers an
Interior Design and High Manufacture service.

L'attuale tecnologia offrendo la progettazione offrendo la possibilità di creare zone e scomparti con sistemi di ante ad inglobamento scorrevole a filo.
Le basi, i pannelli e le colonne sono realizzati in legno ecologico.
Questi materiali al 100% con materiali riciclabili. A richiesta possono essere realizzati in pannelli laccati.

LE ANTE E I FRONTALI DEI CASSETTI si contraddistinguono per la maglieria in esclusiva forma: modulare e per l'aspetto geometrico di essere proprio il Pano.
Sono disponibili in diverse essenze e finiture (previsti dal programma).

I CASSETTI sono dotati di sistema a chiusura automatizzata, negli interni ci sono molti accessori modulari che consentono di creare la propria composizione personale.

LE LAMIERE sono in metallo nudo liscio (senza verniciatura).

LE TAPPETI sono in acciaio inox spuntati con finitura satinata.

LO ZOCCHINO frontale è disponibile nell'altezza di 60 mm. Su richiesta è possibile prevedere altre misure.

I FREDDI sono regolabili in altezza.

La cucina offre diversi tipi di LUMINOSITÀ integrate.

IL PANO (o LAVORO) previsto è in Quercia Noce (o in Agave 60 mm). La gamma è completa e nuda liscia (senza verniciatura).

Offriamo la possibilità di avere il LAVORO realizzato con il stesso materiale del resto di zona o con PUNTEGGIO abbinato.

GLI ELETTROCOMPLETI sono ogni volta proposti nella personalizzazione della cucina stessa con scelta di altissima qualità e di ultima generazione.

Optical Skin kitchen

A complete program for the kitchen area allows to realize customized and highly modulated spaces.
The high technology supports the production offering the possibility to create remarkable elements with sliding doors systems with flush closing.
The bases, the cabinets and the columns are realized in ecological wood (the panels are made with 100% water-resistant materials). On request it is possible to realize with lacquered.

THE DOORS AND THE FRONTS OF THE DRAWERS are distinguished by the marbled and exclusive shape and the geometric way of Pano's previous essence. They are available in different wood species and finishes.

The (PANELS) are equipped with self closing system. In the inside there are many modular accessories that allow to create a personal composition.

CABINETS are in metal in satin finish (not PANO).

FRONTS are in burnished stainless steel with self closing.

The front PANO is available in the height of 60 mm. On request other measures are available.

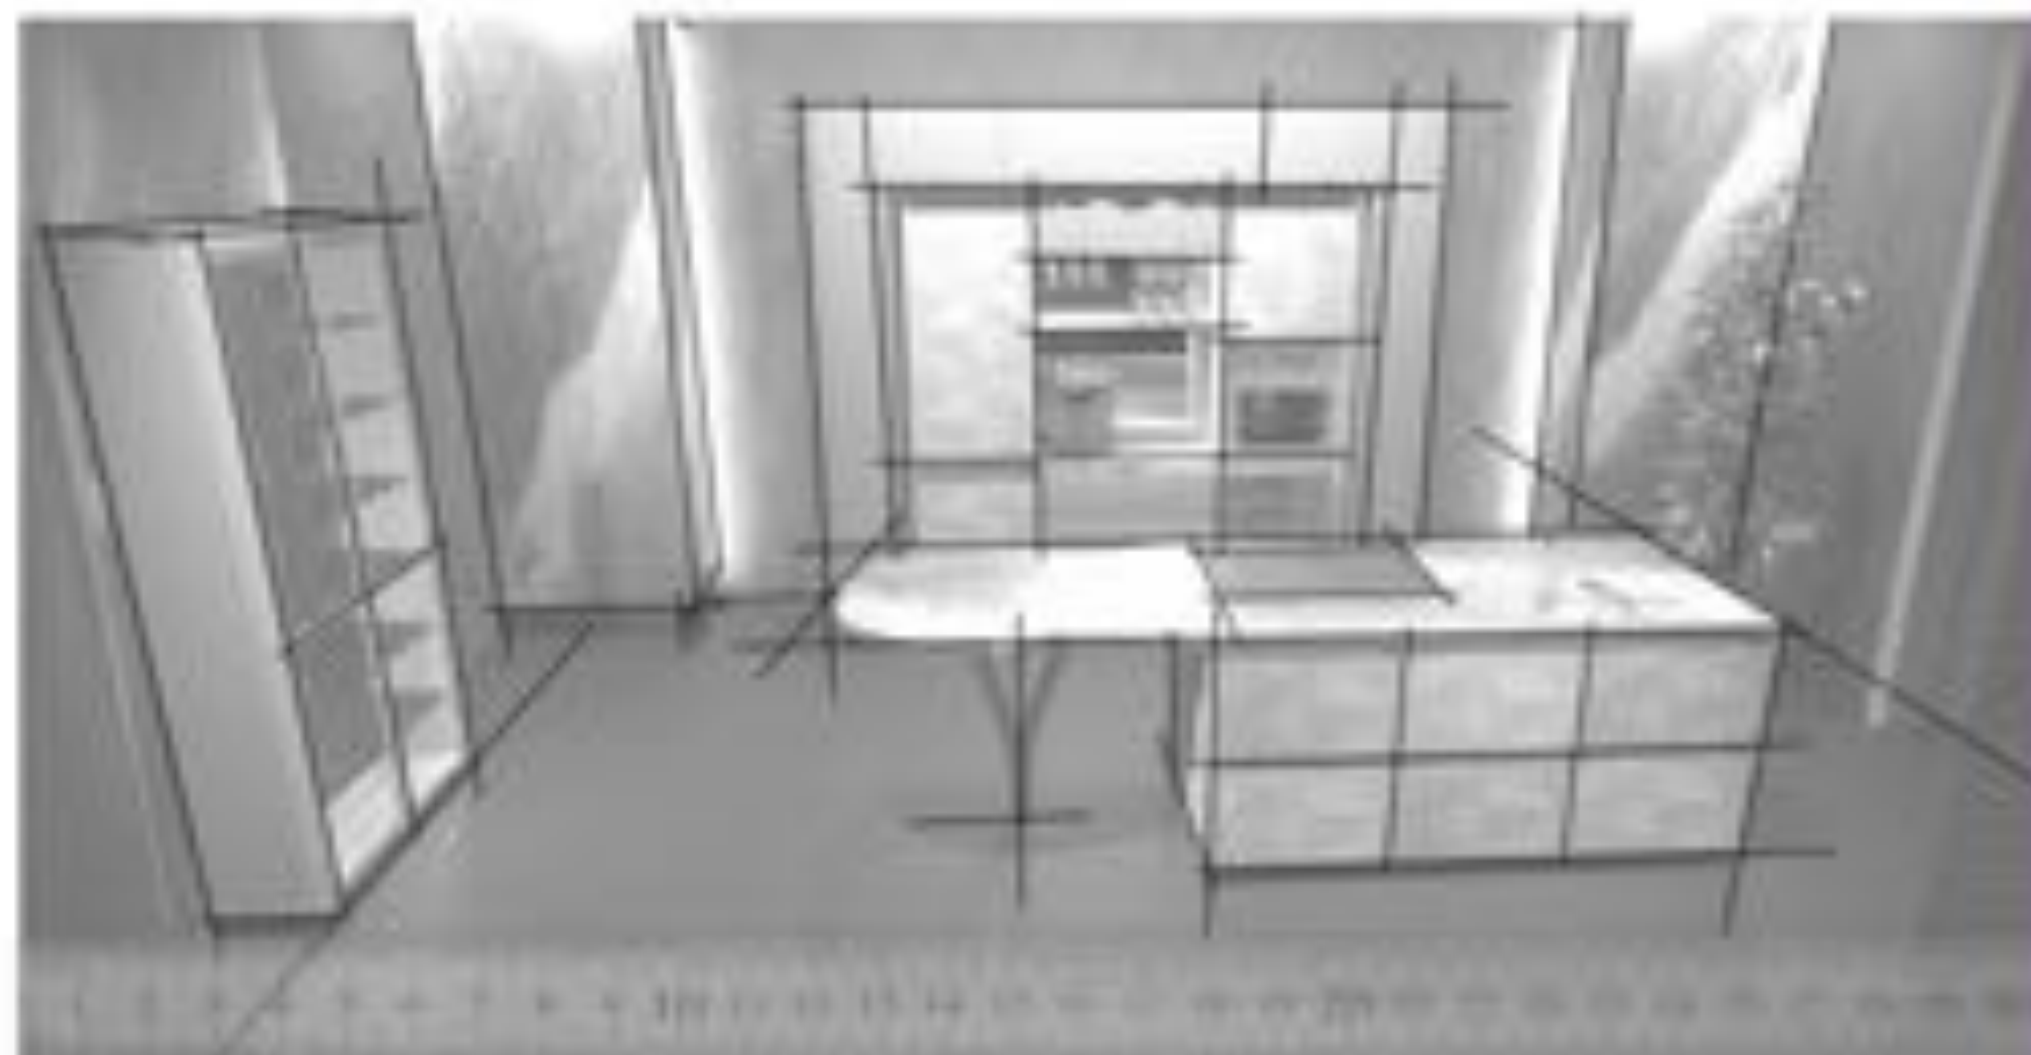

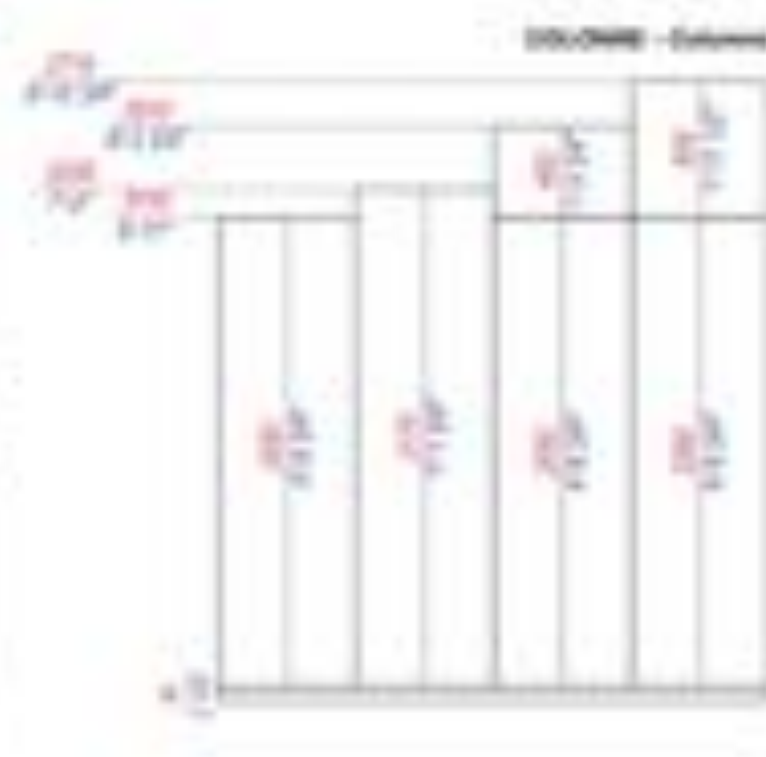

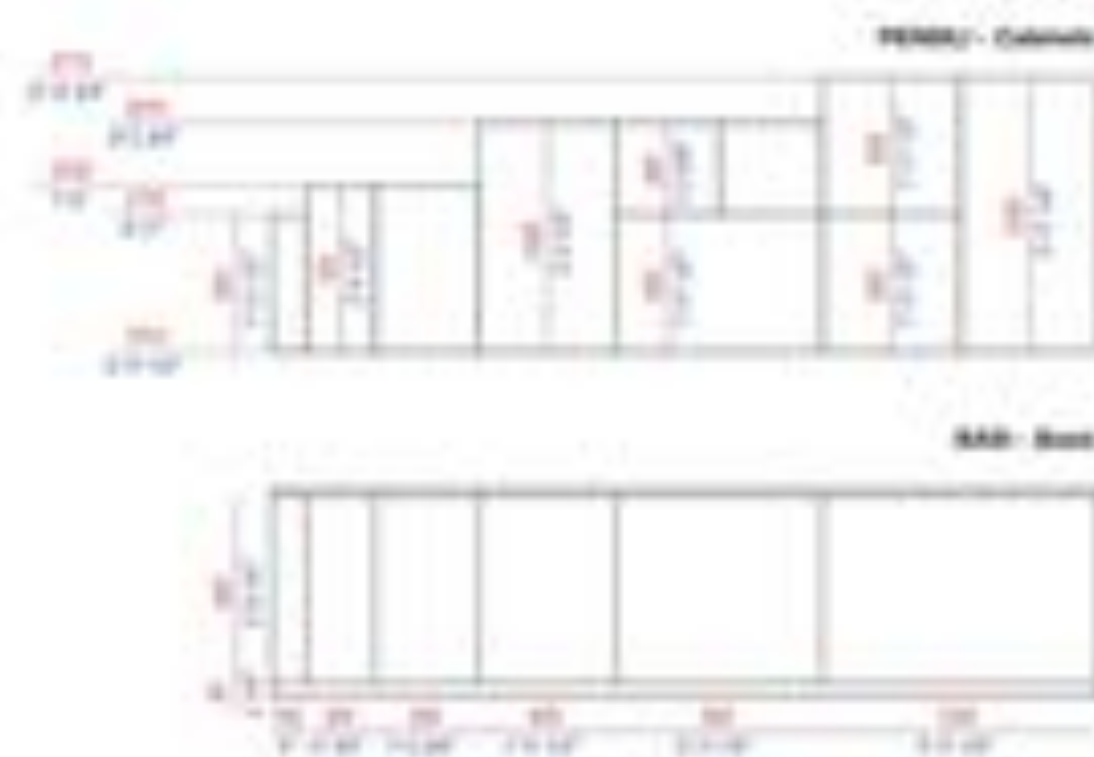

FRIG are adjustable in height.

The kitchen offers different types of integrated LIGHTING.

The proposed WORKTOP is in Nordic Oak Quarter maple, 60 mm thick. The supporting leg is in satin finish (not PANO).

We offer the possibility of having the (PANO) suit with the same material as the working top combined with PANO.

The (ELECTROCOMPLETS) are every time proposed in the personalization of the kitchen itself with choices of the highest quality and the latest generation.

Programma completo di armature serve tutti di misure 12" un sistema tutto che può sostituire ogni tipo di esigenze progettuali.
 Sistema di armature di prodotto: sistema a innalzamento e sistema a spalla portante, l'opportunità di utilizzare due diverse tipologie rende possibile realizzare sia tradizionali armature con ante sia complete cabine armate.
 Inoltre il programma è integrato da elementi letto e pannello letto armato.
 La STRUTTURA, il supporto, le spalle, i ripiani e il basamento sono in pannelli laminati, componenti messi in movimento a struttura ingegneristica acciaio e sono sistemi in metallo di varie leghe (alluminio).
 I PANNELLI sono disponibili in alluminio e legno.
 L' Illuminazione è costituita da una striscia a led incassata nella scatola.
 Le ANTE sia in battente che scorrevoli sono sempre in laminato con motivi ad incisione geometrica oppure in vetro con profili di alluminio anodizzato colorato o glassamento alla finitura. Le MANIGLIE in acciaio sono in metallo forata levante optional (MEL).
 Le CERNIERE sono a richiesta.
 Il programma offre un'ampia scelta di ATTREZZATURE INTERNA: stacco porta cerniere, nastri e griglia porta oggetti, porta scarpe, porta cinture, ante appendibili in alluminio anodizzato e pannello con specchio.
 Le fermate di serie dei cassetti prevedono un soffitto sistema di chiusura antiscivolo - bloccante e doppio studio di bilanciamento.

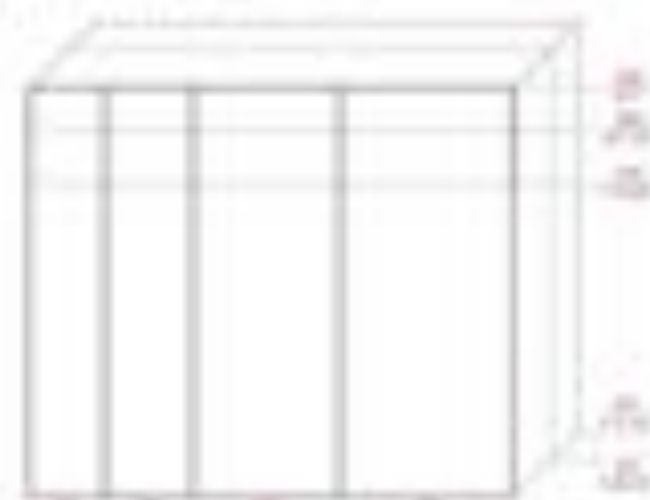

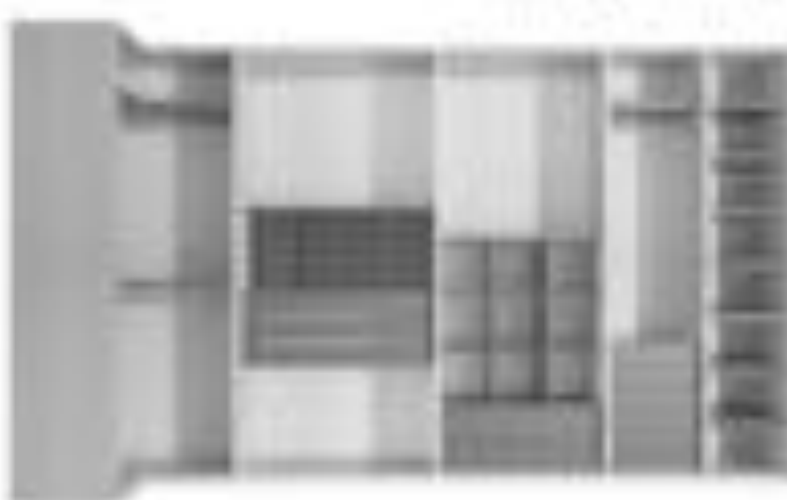

SISTEMA A CREMAGLIERA - Rack system

Sistema di armature a innalzamento che prevede pannelli, fissati in parete, in cui appendere una serie gamma di accessori.
 Rack system which includes panels fixed to the wall in which hang a wide range of accessories.

SISTEMA A SPALLA PORTANTE - Levibearing system

Sistema di armature a spalla portante che prevede una serie gamma di accessori per la sottosviluppatura.
 Levibearing system provides that includes a wide range of accessories for underdevelopment.

Complete range of wardrobe without restrictions of size, it is a light system that can satisfy any type of design need. There are two types of products: rack system and levibearing system. The opportunity to use two different types makes it possible to create both traditional wardrobes with doors and complete wall-in closets.
 In addition, the program is complemented by well equipped optional and particular elements.
 The STRUCTURE, the feet, the shoulders, the shelves and the base are in horizontal panels, connecting with each other and making integral structure and external system in real environment only.
 The FEET are adjustable on the ground.
 The lighting consists in a led strip embedded in the structure.
 The DOORS both sliding and hinged are always in horizontal with geometric ribbed motifs or in glass with colored anodized aluminum profiles that match with the finish. The recessed MANIGLIE are in metal with satin finish (MEL).
 HINGES are with soft closing.
 The program offers a wide choice of INTERNAL EQUIPMENT: removable shelf hangers, iron and presser stands, shoe holder, shoe rack, trousers rack, clothes grids in anodized aluminum and pull-down of with handle.
 The standard hardware of the drawers provides a refined antiscrap coating with protection system, with double stage safety.
