## Home concept

---

Home concept born from designers through Black and White drawings but only emotions become shapes.

### Home feeling

---

Home feeling is the most important place people need in their life.

It means happiness, love, family, care, children. It must be open, friendly and comfortable and it should reflect each personal style to be a real place where people can enjoy life.

## Home creation

---

Home creation is a long process, a combination of elements and spatial relations, a way of understanding reality, depth and light inside each room.

## Home style

---

Home style reflects people sensations. Different lifestyles influence selection of furniture combined with unique accessories and lightings.
