Notre philosophie

La philosophie Domus Arte fond les traditions anciennes et les nouvelles tendances dans le vaste marché du meuble, en s'orientant et en focalisant ses attentions au client et particulièrement à la qualité de sa vie. Une grande attention est apportée dans les finitions qui sont réalisées uniquement avec des vernis à l'eau, de la gomme laque, de la cire d'abeille, de l'huile de céréales et de l'huile d'agrumes, sans adjonction de solvants toxiques nuisibles à la santé et polluants. C'est la qualité parfaite des assemblages qui fait la solidité de la structure d'un meuble Domus Arte .

Наша философия

Философия Domus Arte объединяет старинные традиции и новые тенденции на огромном рынке мебели, при этом большое внимание уделяется клиенту и, в особенности, качеству его жизни. Сущность Дуба, совершенство Массива. Отделки, выполненные только из красок на водной основе, шеллака, пчелиного воска, масел из зерновых культур и цитрусовых, натуральных цветных пигментов, без использования формальдегида и вредных токсичных растворителей. При производстве мебели мы часто используем шпунтовое соединения, что прекрасно держит форму мебели Domus Arte.
