A Heritage of Luxury

25
YEAR
· FRAME GUARANTEE ·

At Duresta, we have been handcrafting the finest luxury furniture in Nottingham since 1938. Since then, Duresta has become the brand of choice for high end, luxurious designs; creating modern classics and celebrating heritage English furniture.

We have been champions of artisan furniture making for over 80 years, and are committed to preserving this legacy as we refine our collections, creating luxurious sofas and chairs.

Fabric Collections

All of our fabrics are chosen from the most prestigious and innovative mills sourced from around the world. With over 600 fabrics to choose from across our collections you'll be certain to find the perfect look to complement any interior.

From luxury textured velvets and chenilles, to more contemporary designs in an array of colours we have taken care of every detail. We also offer a range of piping, and trimmings across a selection of the Duresta designs, allowing you to create your suite of distinction.

We are pleased to offer a free sample service to ensure you are happy with the colour, material and texture of your chosen fabric or leather before you go on to purchase your furniture. Please visit [DURESTA.COM](https://www.duresta.com) to request your samples.

Design Studio

Duresta has always been at the forefront of luxury furniture design. Our in-house team of creative designers continuously develop our designs to create pure, lasting comfort.

English luxury and classic styling lie at the heart of every piece of Duresta furniture, and is inherent in all our collections.

Modern Classics

Iconic and timeless, the Modern Classics collection effortlessly combines statement classic design with luxurious comfort. Designed to be the focal point of any interior, this collection is defined by indulgent detailing and a curated selection of glamorous fabrics.

Fabric Information

Our dedicated design team have carefully curated and selected fabrics from the finest mills to bring you a collection of fabrics that work together with our English Luxury, Modern Classics and Contemporary Living models. The fabric collections can be used across all models.

Fabric Characteristics

At Duresta we feature natural fibres, synthetic fibres, and combinations of both across our fabric collections. Natural fibre fabrics tend to have more knots, slubs and irregularities. These qualities should not be regarded as flaws, but instead inherent characteristics of our beautifully natural fabrics. To comply with fire regulations some of our fabrics have a back coating applied, this may affect their drape and handle. Please be mindful that some fabrics will perform differently across different seat interiors, this may alter your seating experience.

Fabric Samples

We offer a free sample service to ensure you are happy with the colour, material, and texture of your chosen fabric. Visit DURESTA.COM to order your samples. Fabric samples should only be used as a guide to colour and texture. Although great care is taken to achieve consistency, it is possible for slight variations to occur between batches.

Velvet & Chenille Fabrics

Velvet and chenille fabrics have a high pile as a result of a double weaving process. Consequently, these fabrics can become crushed or flattened over time and at point of delivery - this can give impression of uneven wear. Pile crushing to fabrics, such as velvets and chenilles, should not be regarded as a fault but, instead a natural characteristic of these fabrics. Crushed piles can be easily restored by brushing, cleaning, and steaming by a professional upholstery cleaner. For further information on high pile fabrics please visit DURESTA.COM

Fabric Use

Most of our fabrics are suitable for general domestic use; meaning they pass British standards for fire regulations and performance testing. Some fabrics are only available for use on occasional chairs, footstools, scatter cushions, and/or piping. The suitable use for each fabric is clearly indicated on the reverse of each swatch.

Cleaning Advice

Due to the variety of fabrics Duresta offer, we recommend that you contact a professional upholstery cleaning service if your furniture requires cleaning.

Fabric Suitability

When selecting from the Duresta fabric collection care should be taken to ensure your chosen fabric is suitable for your needs.

Care should always be taken to protect your upholstery and avoid damage:

- Avoid leaving furniture in direct sunlight, as this can cause fabrics and leather to fade
- Avoid leaving your furniture too close to fires or radiators, as significant changes in temperature can cause materials in your furniture to expand and contract which can lead to premature wear and tear
- Certain fabrics with long weaving stitches are vulnerable to snagging by sharp objects such as, buckles, studs, rings, children's toys, and pets
- Fabrics that are deemed suitable for general domestic use have a Martindale abrasion pass result of 20,000 rubs or more (figured weaves are suitable from 15,000 rubs)

General care and maintenance will ensure your Duresta furniture has a long-lasting lifespan. For further information or more detailed instructions on how to care for your fabric please visit DURESTA.COM

Leather Care

There is much to consider when choosing leather furniture, as there are a great variety of qualities and finishes available. At Duresta, we only use the finest quality leather, sourced from around the world and upholstered to the highest standards. We endeavour to retain the natural beauty and integrity of good quality materials. Our hides are completely natural. Wrinkles, scars, scratches and bites, together with the varied and interesting textures and colour effects are what reveal the full character and beauty of the material. It is important to understand that these characteristics will be present. This natural hallmark distinguishes top grain aniline and semi-aniline leather from lower grade leathers.

Cushion Fillings

When purchasing your Duresta furniture, it's incredibly important to choose the right type of filling for your seats, backs, and scatter cushions to ensure optimal comfort for you. The filling you choose for your seat and cushions can make all the difference. Below is a guide to help inform your choice.

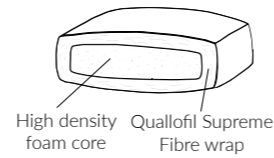

FIBRE:

- Man-made synthetic material
- Plump appearance
- Deep, soft comfort
- Non-allergenic
- Must be plumped up regularly

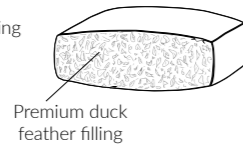

SUPAWRAP:

- Foam core with fibre wrap
- Resilient
- Non-allergenic
- Requires little attention to retain appearance
- Provides the support of foam and the softness of fibre

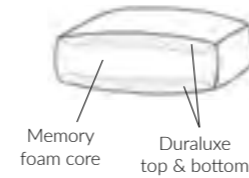

FEATHER:

- A natural filling that offers a "sinking in" feeling
- Soft, relaxed solution
- Daily plumping is required to retain shape
- Becomes softer with use

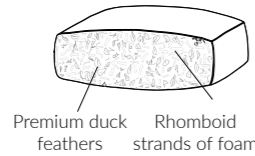

MEMORYLUXE:

- Memory foam core wrapped in Duraluxe
- Memory foam core gives a more resilient interior that recovers after use
- Aesthetic and comfort of a fibre or feather cushion, whilst retaining durability
- Regular shake and turning of the cushion will help retain definition
- Exclusive to Duresta

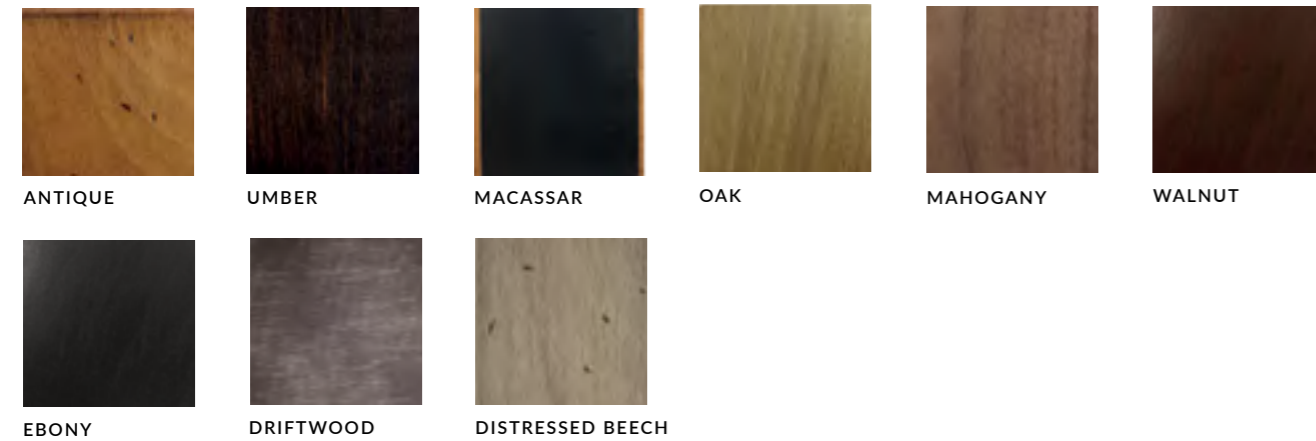

DURALUXE:

- Channels of rhomboid strands of foam, together with duck feathers
- Aesthetic and comfort of a fibre or feather cushion, whilst retaining durability
- Regular shake and turning of the cushion will help retain definition
- Exclusive to Duresta

Wood Finishes

The following wood finishes are available on finials and tie back shrouds on the knole models in our collection. You can also choose these wood finishes for turned legs and feet where applicable. See the options table (page 140) for available finishes:

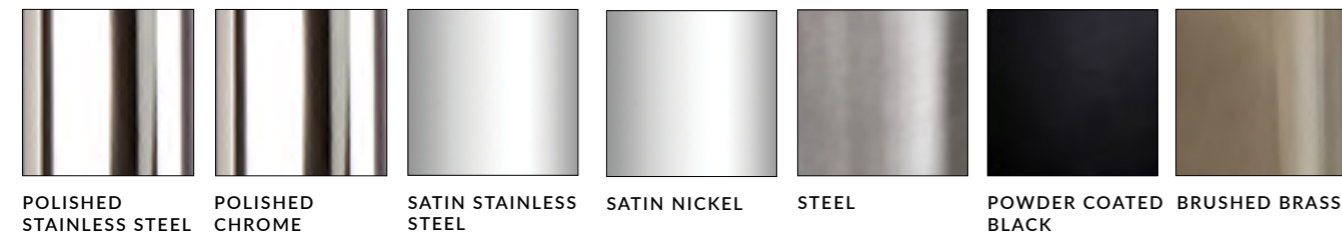

Metal Finishes

The following metal finishes are available on our solid brass castors, hinges on our knole models, and metal finishers on certain leg styles. See individual product specifications for available finishes specific to each model:

The following metal finishes are available on our steel legs, steel castors and plinths. See individual product specifications for available finishes specific to each model:

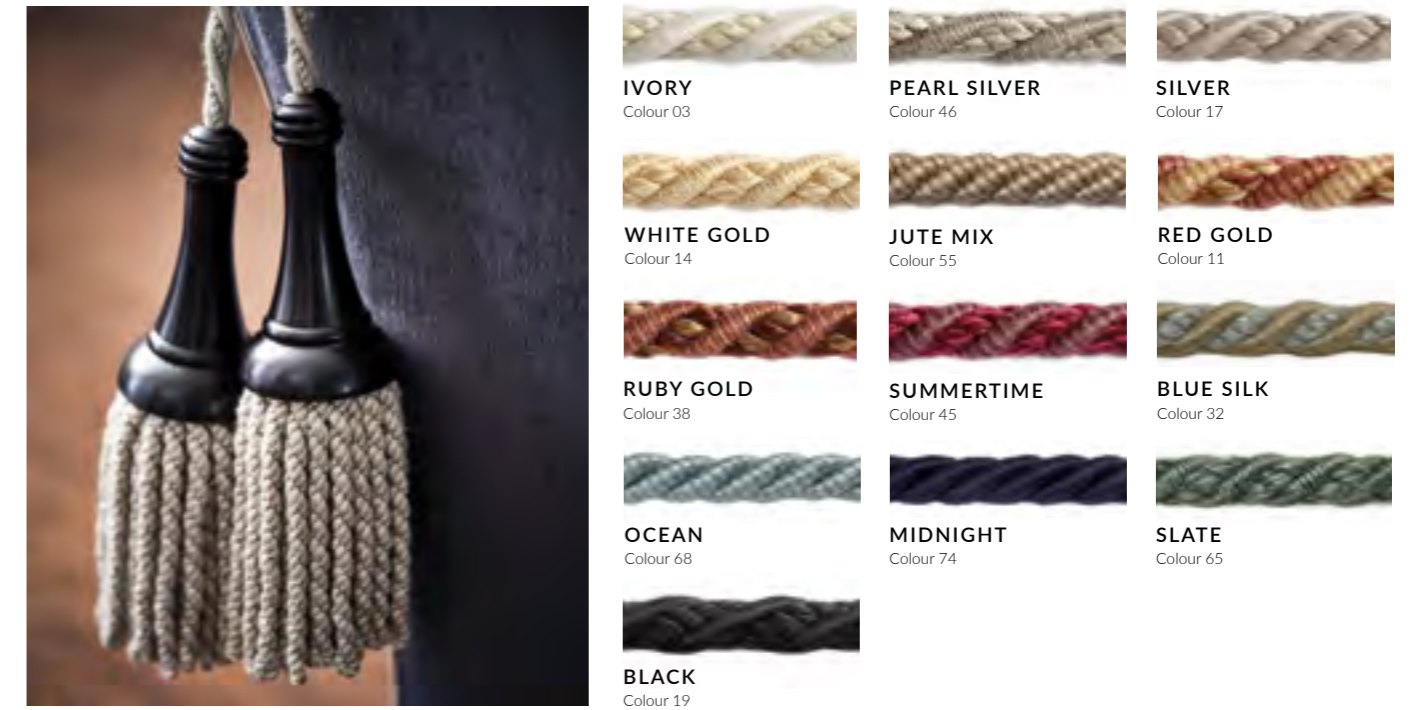

Metal Stud Finishes

Certain models in our collections are available with metal studding (see the options table on previous page). The following finishes are available to choose from:

Tie Back Options

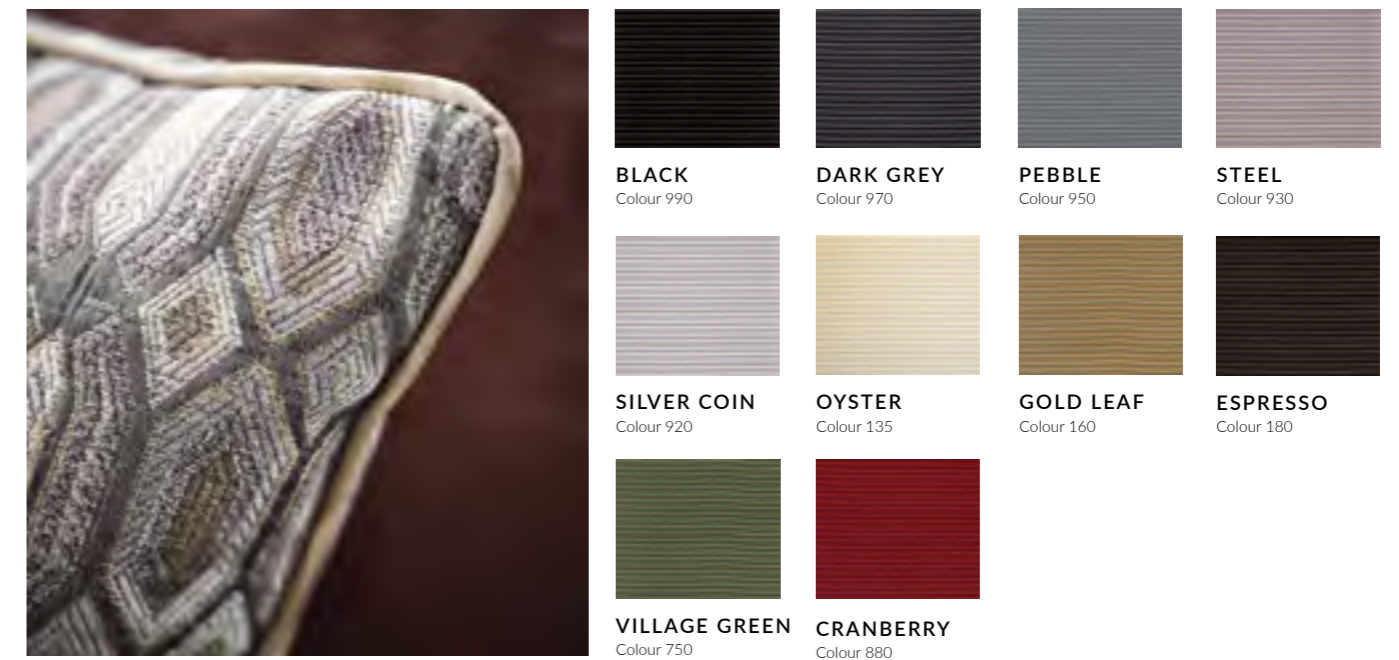

The following colour options are available for the tie backs on drop arm models; Blakeney, Trafalgar and Hornblower. Please ensure your preferred tie back colour has been selected when placing your order. Where appropriate, we recommend a tie back colour for each Duresta fabric.

Tie back shown in Silver (Colour 17).

Grosgrain Piping

Grosgrain is a 100% polyester ribbon. Grosgrain piping can be selected as contrast piping for your sofa, footstool and/or scatters on all models aside from Belgrade. Grosgrain is suitable for piping only.

Grosgrain piping shown in Gold Leaf (Colour 160).
