## FINISHES

### EN

*materiAlias* is a project dedicated to gather all materials of our collection in a unique palette, organizing them according to materials, colours and finishes, in order to increasingly widen and simplify the choices of architects and interior designers.

The project came up as an integrated material path where every colour, finish and material has been chosen to match with one another down to the smallest detail.

### DE

*materiAlias* ist ein Projekt von Alias, das der Zusammenfassung aller Materialien unserer Kollektion in einer einzigartigen übergreifenden Palette und deren Zuordnung nach Materialien, Farben und Oberflächen gewidmet ist, um die Auswahlmöglichkeiten von Architekten und Innenarchitekten zu erweitern und zu vereinfachen. Das Projekt entstand als eine integrierte Materialreise, bei der jede Farbe, jede Ausführung und jedes Material bis ins kleinste Detail aufeinander abgestimmt ist und miteinander kommunizieren kann.

### IT

*materiAlias* è il progetto Alias dedicato a raccogliere in un'unica palette trasversale tutti i materiali in collezione secondo un ordine ragionato dal punto di vista materico, dei colori e delle finiture, per ampliare e facilitare sempre più le scelte di architetti e interior designer. Il progetto nasce come percorso materico integrato in cui ogni materiale, ogni finitura e ogni colore, sono stati scelti per dialogare bene gli uni con gli altri fino ai minimi dettagli, pur parlando lingue diverse.

### FR

*materiAlias* est un projet dédié à rassembler dans une seule palette transversale tous les matériaux de la collection selon un ordre raisonné en termes de matières, des couleurs et des finitions, pour élargir et faciliter toujours plus les choix des architectes et des décorateurs d'intérieur. Le projet est né comme un parcours de matière intégré dans lequel chaque matériau, chaque finition et chaque couleur, ont été choisis pour bien dialoguer entre eux jusque dans les moindres détails, tout en parlant des langues différentes.

## NOTES / NOTE / ANMERKUNGEN / NOTES

▲ Sample: available on request only / Campione: disponibile su richiesta / Muster: verfügbare auf Anfrage / Echantillon: disponible sur demande

EN

The color samples are only indicative. Due to technical limits, samples in print cannot accurately reproduce the colour characteristics of the various materials.

IT

I colori dei campioni sono da considerarsi puramente indicativi, non essendo tecnicamente possibile riprodurre fedelmente in stampa le caratteristiche cromatiche dei vari materiali.

DE

Die Farbmuster sind nicht verbindlich. Es ist technisch nicht möglich, die Farbeigenschaften der verschiedenen Materialien im Druck originalgetreu zu reproduzieren.

FR

Les couleurs des échantillons sont purement indicatives, car il n'est pas techniquement possible de reproduire fidèlement en impression les caractéristiques chromatiques des différents matériaux.

### WOOD / LEGNO / HOLZ / BOIS

EN

Possible imperfections of the products and alterations during the time depend on the natural materials used and on the handicraft work process, therefore they cannot be considered as defects. Alias products are not mass-produced, but each product is unique.

IT

Eventuali imperfezioni dei prodotti e variazioni nel tempo, sono dovute all'uso di materiali naturali e a tecniche di lavorazione artigianali; non sono pertanto da considerarsi dei difetti. I prodotti di Alias non sono realizzati in serie, ma ogni prodotto è unico.

DE

Mögliche Unvollkommenheiten und Variationen, die im Laufe der Zeit auftreten können, sind auf die Verwendung von natürlichen Materialien und handwerklichen Techniken zurückzuführen; daher sind diese nicht als Mängel zu betrachten. Alias-Produkte werden nicht in Serie hergestellt, sondern jedes Produkt ist ein Unikat.

FR

D'éventuelles imperfections des produits et changements dans le temps, sont dus à l'utilisation de matériaux naturels et à techniques de travail artisanales; elles ne doivent donc pas être considérées des défauts. Les produits de Alias ne sont pas réalisés en série, mais chaque produit est unique.

### OUTDOOR WOOD / LEGNO DA ESTERNO / HOLZ FÜR AUßENBEREICH / BOIS POUR L'EXTÉRIEUR

EN

It is a natural material and it could therefore be subject to colour changes, cracks and movements that may vary depending on the exposition to atmospheric agents and on the environment in which the product is placed.

IT

Trattandosi di un materiale naturale, si possono verificare variazioni di colore, crepe e movimenti, che sono soggetti ad andamenti differenziati in funzione dell'esposizione agli agenti atmosferici e al tipo di ambiente in cui di trova il prodotto.

DE

Es handelt sich um ein natürliches Material und deswegen könnten sich Farbwechsel, Risse und Bewegungen im Laufe der Zeit offenbaren. Diese variieren je nach der Exposition gegenüber Witterungseinflüssen und nach dem Umfeld, in dem das Produkt gestellt wird.

FR

En tant que matériau naturel, des variations de couleur, des fissures et des mouvements peuvent se produire. Ceux-ci sont soumis à des tendances différenciées en fonction de l'exposition aux agents atmosphériques et du type d'environnement dans lequel le produit se trouve.

### NATURAL STONES / PIETRE NATURALI / NATURSTEIN / PIERRES NATURELLES

EN

Stones are natural materials, whose features remain unchanged during all the production phases. For this reason the veins, the shades of colour and the slight irregularities could present some variations which are not defects but values which enhance the uniqueness of the product.

IT

Le pietre sono un materiale naturale, le cui caratteristiche rimangono inalterate durante tutte le fasi di lavorazione. Per questa ragione le venature, le tonalità di colore e le lievi irregolarità superficiali possono presentare delle differenze che non devono essere considerati difetti, bensì pregi che esaltano l'unicità del prodotto.

DE

Die Steine sind natürliche Materialien, dessen Eigenschaften während aller Bearbeitungsphasen unverändert bleiben. Aus diesem Grund können die Änderungen, die Farbtöne und leichte Oberflächenunregelmäßigkeiten Unterschiede aufweisen, die nicht als Fehler betrachtet werden sollten, sondern als Qualitäten, die die Einzigartigkeit des Produkts erhöhen.

FR

Les pierres sont des matériaux naturels dont les caractéristiques restent inchangées pendant toutes les phases de traitement. Pour cette raison les veinures, les tonalités de couleur et les légères irrégularités peuvent présenter des différences qui ne doivent pas être considérées des défauts, mais des qualités qui mettent en évidence l'unicité du produit.
