

Vanity Collection

VANITY

Le linee dei prodotti che compongono il Catalogo Vanity sono il risultato dell'evoluzione di un percorso stilistico iniziato 6 anni fa volto alla creazione di collezioni ancora più moderne e senza tempo che traggono forza dal nostro know how e dalle nostre tradizioni.

Continuando a perseguire i nostri ideali che trovano fondamenta nei concetti base a noi cari anche le collezioni Vanity sono ispirati dal medesimo filo conduttore che contraddistingue l'intero design aziendale, ma allo stesso modo mirano allo sviluppo di nuove tecnologie e gusti contemporanei e traggono l'ispirazione primaria dalla nobiltà dei materiali usati.

La riproposizione del cuoio naturale, i nuovi colori delle nostre pelli esclusive, la ricerca di nuovi marmi e l'uso del legno massello, abbinati ad un'attenta ricerca dei colori più trend, ci hanno permesso di realizzare delle collezioni, che coinvolgendo ogni singolo ambiente, trasmettono un senso di eterea eleganza abbinato a delle linee più contemporanee e minimalista, mantenendo una piena continuità con la collezione Vanity. Con questo spirito sono stati creati prodotti che mantengono immutata nel tempo la propria identità e che vanno oltre le mode passeggere, connotati da un forte carattere e che trovano la loro collocazione ideale sia nell'uso domestico che in quello dell'hospitality, funzionali per ogni situazione e destinazione.

Eleganza, design, emozione e colore sono le keywords che contraddistinguono la nuova collezione Vanity e che caratterizzano l'Ulivi mood e sono il frutto di una ricerca che si rinnova di anno in anno tra estetica e tecnologia, prosperità e valore, per contesti da vivere nel gusto del bello e di un rinnovato bisogno di comfort.

The product lines that make up the Vanity Catalog are the result of the evolution of a stylistic path that began 6 years ago aimed at creating even more modern and timeless collections that draw strength from our know-how and our traditions.

Continuing to pursue our ideals that find their foundations in the basic concepts dear to us, the Vanity collections are also inspired by the same common thread that distinguishes the entire company design, but in the same way they aim at the development of new technologies and contemporary tastes and they draw their primary inspiration from the nobility of the materials used.

The revival of natural leather, the new colors of our exclusive leathers, the search for new marbles and the use of solid wood, combined with a careful search for the trendiest colors, have allowed us to create collections that involve every single environment, convey a sense of ethereal elegance combined with more contemporary and minimalist lines, maintaining full continuity with the Vanity collection.

With this spirit, products have been created that maintain their identity unchanged over time and that go beyond passing fashions, characterized by a strong character and which find their ideal location both in domestic use and in that of hospitality, functional for every situation and destination.

Elegance, design, emotion and color are the keywords that distinguish the new Vanity collection and that characterize the Ulivi mood and are the result of a research that is renewed from year to year between aesthetics and technology, prosperity and value, for contexts to live in the taste for beauty and a renewed need for comfort.

Nel corso del continuo viaggio nel vivere contemporaneo , Ulivi propone questo divano dal design moderno , che tuttavia non perde il solido legame con la tradizione , frutto di una costante ricerca di materiali antichi da adattare al giorno futuro.

L'ispirazione ci vuole diretti , precisi , unici , con l'obiettivo di essere concreti , togliendo il superfluo , per giungere a linee decise e comode , oltre la moda.

In questo modo riusciamo a costruire un mood nostro , fatto di leggerezza , quasi stessimo volando. La lieve base di metallo con dettagli personalizzabili ti trasporta in un comfort assolutamente tuo , frutto di un mix di proporzioni perfetto , sintesi ideale della consapevolezza che sappiamo bene dove andare e della sicura coscienza da dove arriviamo.

Divano / Sofa

Design: Castello Lagravinese Studio

Un divano dall'anima forte e al tempo stesso leggera e sottile, in cui l'equilibrio delle forme viene raggiunto attraverso soluzioni innovative e una sobria eleganza formale. Un prodotto a cui l'Azienda giunge attraverso un attento percorso di design, e di rilettura costante della tradizione in chiave moderna.

La sapienza e originalità del rivestimento è accentuata dalle pelli e dai colori esclusivi di Ulivi Salotti. I dettagli qui diventano protagonisti: la cucitura dei cuscini, o il metallo che si scorge appena, caratterizzando i braccioli, sono elementi che disegnano un prodotto concepito per ambienti ricchi di personalità.

A sofa with a strong soul, at the same time light and subtle, where the balance of shapes is achieved through innovative solutions and a sober formal elegance. A product coming from a careful design process by the Company, and a constant reinterpretation of tradition in a modern key. The wise accuracy and originality of the upholstery is accentuated by the exclusive leathers and colors of Ulivi Salotti. Here the details become protagonists: the seams of the cushions, or the metal that barely appears to characterize the armrests, are elements of a product designed for environments full of personality.
