Un divano dall'anima forte e al tempo stesso leggera e sottile , in cui l'equilibrio delle forme viene raggiunto attraverso soluzioni innovative e una sobria eleganza formale. Un prodotto a cui l'Azienda giunge attraverso un attento percorso di design , e di rilettura costante della tradizione in chiave moderna .

La sapienza e originalità del rivestimento è accentuata dalle pelli e dai colori esclusivi di Ulivi Salotti.

I dettagli qui diventano protagonisti : la cucitura dei cuscini , o il metallo che si scorge appena , caratterizzando i braccioli , sono elementi che disegnano un prodotto concepito per ambienti ricchi di personalità.

A sofa with a strong soul , at the same time light and subtle, where the balance of shapes is achieved through innovative solutions and a sober formal elegance. A product coming from a careful design process by the Company , and a constant reinterpretation of tradition in a modern key. The wise accuracy and originality of the upholstery is accentuated by the exclusive leathers and colors of Ulivi Salotti. Here the details become protagonists: the seams of the cushions, or the metal that barely appears to characterize the armrests, are elements of a product designed for environments full of personality.

# ISOLDE

Un incastro di parallelepipedi realizzati in legno massello e rivestiti in cuoio, le forme scultoree creano un tavolo che si plasma con l'architettura degli ambienti. Leggero, libero, un foglio di marmo che si appoggia lievemente sulle basi, d'idea di volare, lasciando l'ambiente integro. La semplicità del design è quella che rimane impressa nella nostra mente. I volumi delle basi realizzati con un contrasto di materie lo rendono libero di essere personalizzato.

A joint of parallelepipeds made of solid wood and covered in leather, sculptural shapes create a table that molds itself with the architecture of the rooms. Light, free, a sheet of marble that rests lightly on the bases, gives the idea of flying, leaving the environment intact. Simplicity of design is one that sticks in the mind. The volumes of the bases made with a contrast of materials make it free to be personalized.
