BOOGIE

Divano / Sofa
design : Castello Lagravinese

Boogie, una collezione audace e al tempo stesso accogliente. Le linee e il design si inseriscono perfettamente nel cammino aziendale intrapreso, mettendo in risalto l'artigianalità e i dettagli personalizzabili. Gli elementi portanti del Boogie, braccioli e schienali, sono rivestiti con il cuoio toscano, lavorati a treccia manuale, cuciti con dettagli artigianali, sono modellati sulle strutture rigide e rotonde. Le rotondità dei volumi del bracciolo e dello schienale lo rendono confortevole già a prima vista, arricchito dai dettagli unici che lo rendono inimitabile.

Il progetto Boogie è pensato per essere utilizzato sia come divano che come componibile, grazie alla sua flessibilità di misure e composizioni. Il contrasto tra la struttura preziosa, realizzata in cuoio intrecciato a mano, si contrappone alla morbidezza dei cuscini contenuti nella composizione. La personalizzazione di scegliere le essenze e le finiture di metallo all'interno delle strutture dei braccioli e degli schienali, rendono il tuo divano unico, fatto per te.

Sostenuto da una struttura in legno rivestito in cuoio, spiccano le parti in legno massello con le nostre esclusive finiture e proposte di legno. I braccioli del Boogie sono un vero capolavoro: rivestiti in cuoio intrecciato a mano, aggiungono un tocco di eleganza artigianale che esalta la qualità e l'unicità del divano.

Boogie, a bold yet cozy collection. The lines and design seamlessly integrate with the company's established path, highlighting craftsmanship and customizable details.

Boogie's armrests and backrests, are upholstered with wide Tuscan leather strips, intertwined one by one by hand with extraordinary artisan details, which follow the shape of its firm and rounded bearing elements. The rounded volumes of the armrest and backrest make it comfortable at first glance, enriched by unique details that make it inimitable. The Boogie project also comes in its sectional version, thanks to its great flexibility in both dimensions and composition options. The sturdy, yet precious, leather upholstery of its structure blends brilliantly with the softness of its cushions. Moreover, by choosing the type of wood and metal finishes for the armrests and backrests structure, you have all the tools to design an even more unique sofa, perfectly tailored on your taste and preferences. Supported by a leather-covered wooden structure, the solid wood parts stand out with our exclusive finishes and wood options. The Boogie's armrests are a true masterpiece: hand-woven leather adds a touch of artisanal elegance that enhances the quality and uniqueness of the sofa.
