*Astral Coolors Sr*

At Euroluce Light of Italy we value the **meticulous realization of the designers' ideas**, that's why we guarantee the possibility of customizing our collections so that they can blend harmoniously with the environments designed.

Therefore we designed the **Light of Italy Sample Box**, a highly supportive working tool consisting of:

**50** color samples on glass,

**25** color samples on metal,

**10** color samples on crystal pendants,

**12** color samples on crystal octagons

collected in an elegant box available to the professional.
