Design a different style of element to complement the space in which it appears & enhance the color of the material, element selected.

Design a different style of element to complement the space in which it appears & enhance the color of the material, element selected.

Design and production, the elements and the accessories create harmony and add value to color and material. Features and functionality work together to give the space a relaxing atmosphere.

MILANO

Form, its shape, its contour, its feature
a classic, sophisticated, and elegant.

Curved and linear shapes come together with
harmony, both conceptually and aesthetically.

Un'inedita scelta design: la robustezza in un'alternanza di linee e texture di metallo e pannello, ispirata al gusto grande secolo d'Europa.

The natural elegance of metal, together with a sense of luxury and classic texture and with strong a sense of modernity in the space.

0.3 CHLOÉ

Il blu, colore del cielo e del mare, dell'azzurro e della profondità dei vasti orizzonti in abbinato all'azzurro scuro. L'immaginazione e la fantasia si uniscono anche il colore dell'acqua, della fertilità, della calma e della quiete. Nella funzionalità ed eleganza coniugate perfettamente, un momento in storia di arte ad un'idea raffinata di un'idea.

Blue, the color of the sky and the sea, of endless height and depth. It represents the human fascination for serenity, imagination and beauty, but also the color of water, fertility, security and tranquility. Style, functionality and personal touch are perfectly combined to tell the story of what you see and of what you love.

"It's great to have a sense of direction in your home
and it's a great difference to be able to"

Le pareti non solo creano un'atmosfera unica, ma anche un'emozione. Grazie alla tecnologia di stampa a ultrasuoni, il colore è così vivido e brillante da sembrare quasi tridimensionale. Anche la texture è così realistica da sembrare palpabile. Il risultato è un ambiente unico e indimenticabile.

Stylis e complementos della casa raffinate,
sensibile alla luce e all'atmosfera di design.
Dietro la perfezione in stile trova la perfezione
e la perfezione di un'idea di design.

Le culture sono diverse, ma complementari. Le linee
sono semplici e pure in continua attenzione ai dettagli.
Oggetti che tendono a essere versatili, eleganti,
in stile raffinato e moderno, di course, in un'idea.

Electronics are essential, and accessories for comfort are essential. The room is simple, and the accessories are simple. The room is simple, and the accessories are simple.

The wallpaper is blue and white, and the armchair is tan. The shelves are white, and the lamp is white. The room is simple, and the accessories are simple. The room is simple, and the accessories are simple.
