Noir atmosphere

Vi siete mai chiesti quante storie sconosciute si sono svolte in una qualsiasi stanza d'albergo? *David Lynch* ha dedicato a questo tema un film per la televisione, diviso in tre episodi ambientati nella stessa stanza, ma in tre anni diversi: 1936, 1969, 1992. Uno spunto per un servizio fotografico, ma anche un gioco divertente da fare in viaggio: immaginate cosa è successo nella vostra stanza, tanti anni fa, ieri, o nel futuro...

Noir atmosphere

Have you ever wonder how many unknown stories have taken place in every hotel room? *David Lynch* has dedicated to this subject a three episodes television movie, which was placed in a same room, but in three different years: 1936, 1969, 1992. A starting point for a shooting, but also an amusing game to play during a journey: imagine what has happened in your room, many years ago, yesterday, or in the future...

Cottons/Cotoni

Purezza e sensualità di una materia che parla di vita vissuta sulla pelle, di memorie e sensazioni infinite, come le tipologie di tessuto, di lavorazione e di decoro che può assumere, rimanendo sempre unica e inimitabile. Ivano Redaelli presenta il cotone nelle sue molteplici espressioni ed emozioni, nello spazio notte o nella sala da bagno: immediate o preziose, elaborate con manualità sapiente o ispirate ad una contemporanea essenzialità.

Purity and sensuality of a material telling about real-life stories, never-ending memories and sensations, as the different kind of assumed fabrics, manufactures and décors but always being unique and inimitable as it is. Ivano Redaelli presents the cotton in its multiple expressions: precious and emotional, processed with a sapient deftness or inspired by a very contemporary essentiality.
